NOTE: *Unless otherwise stated, all references to "Section numbers" in this Agenda refer to the authority under the Edmonton Zoning Bylaw 12800.*

ITEM I: 10:30 A.M.FILE: SDAB-D-25-158AN APPEAL FROM THE DECISION OF THE DEVELOPMENT PLANNER

APPELLANT: Omega Finishing Solutions Inc

APPLICATION NO.: 605125787-002

APPLICATION TO: Construct an Accessory building (detached Garage, 12.29m x 6.10m)

DECISION OF THE
DEVELOPMENT AUTHORITY: Refused

DECISION DATE: October 20, 2025

DATE OF APPEAL: October 20, 2025

MUNICIPAL DESCRIPTION
OF SUBJECT PROPERTY: 9634 - 157 Street NW

LEGAL DESCRIPTION: Plan 2298HW Blk 21 Lot 7

ZONE: RS - Small Scale Residential Zone

OVERLAY: N/A

STATUTORY PLAN: N/A

DISTRICT PLAN: Jasper Place District Plan

<i>Grounds for Appeal</i>

The Appellant provided the following reasons for appealing the decision of the Development Authority:

The maximum site coverage permitted is 45% in the rs zone & we are asking for 47.90%. This is to allow for a 4 car garage instead of a 3 car garage. Even with 47.90% i can still achieve my landscape plan and green space. The main building is a 4 plex and we only need the extra site coverage for the garage, thank you for your time. I've also spoken to the

neighbors and they are willing to give me a letter of support and also i'm breaking any set back rules with the additional site coverage.

General Matters

Appeal Information:

The *Municipal Government Act*, RSA 2000, c M-26 states the following:

Grounds for Appeal

685(1) If a development authority

- (a) fails or refuses to issue a development permit to a person,
- (b) issues a development permit subject to conditions, or
- (c) issues an order under section 645,

the person applying for the permit or affected by the order under section 645 may appeal the decision in accordance with subsection (2.1).

...

(2) In addition to an applicant under subsection (1), any person affected by an order, decision or development permit made or issued by a development authority may appeal the decision in accordance with subsection (2.1).

(3) Despite subsections (1) and (2), no appeal lies in respect of the issuance of a development permit for a permitted use unless the provisions of the land use bylaw were relaxed, varied or misinterpreted or the application for the development permit was deemed to be refused under section 683.1(8).

Appeals

686(1) A development appeal is commenced by filing a notice of the appeal, containing reasons, with the board hearing the appeal

- (a) in the case of an appeal made by a person referred to in section 685(1)
 - (i) with respect to an application for a development permit,
 - (A) within 21 days after the date on which the written decision is given under section 642, or

(B) if no decision is made with respect to the application within the 40-day period, or within any extension of that period under section 684, within 21 days after the date the period or extension expires,

or

(ii) with respect to an order under section 645, within 21 days after the date on which the order is made, or

(b) in the case of an appeal made by a person referred to in section 685(2), within 21 days after the date on which the notice of the issuance of the permit was given in accordance with the land use bylaw.

Hearing and Decision

687(3) In determining an appeal, the board hearing the appeal referred to in subsection (1)

...

(a.1) must comply with any applicable land use policies;

(a.2) subject to section 638, must comply with any applicable statutory plans;

(a.3) subject to clause (a.4) and (d), must comply with any land use bylaw in effect;

(a.4) must comply with the applicable requirements of the regulations under the *Gaming, Liquor and Cannabis Act* respecting the location of premises described in a cannabis licence and distances between those premises and other premises;

...

(c) may confirm, revoke or vary the order, decision or development permit or any condition attached to any of them or make or substitute an order, decision or permit of its own;

(d) may make an order or decision or issue or confirm the issue of a development permit even though the proposed development does not comply with the land use bylaw if, in its opinion,

(i) the proposed development would not

(A) unduly interfere with the amenities of the neighbourhood, or

(B) materially interfere with or affect the use, enjoyment or value of neighbouring parcels of land,

and

(ii) the proposed development conforms with the use prescribed for that land or building in the land use bylaw.

General Provisions from the Zoning Bylaw 20001:

Under section 2.10.2.2, a **Residential Use** is a **Permitted Use** in the **RS - Small Scale Residential Zone**.

Under section 8.10, a **Residential Use** means:

a development where a building or part of a building is designed for people to live in. The building contains 1 or more Dwellings or 1 or more Sleeping Units.

This includes: Backyard Housing, Duplex Housing, Lodging Houses, Multi-unit Housing, Row Housing, Secondary Suites, Semi-detached Housing, Single Detached Housing, and Supportive Housing.

Under section 8.20, **Multi-unit Housing** means a building that contains:

- a. 1 or more Dwellings combined with at least 1 Use other than Residential or Home Based Business; or
- b. any number of Dwellings that do not conform to any other definition in the Zoning Bylaw.

Typical examples include stacked row housing, apartments, and housing in a mixed-use building.

Under section 8.20, **Row Housing** means:

a building that contains 3 or more principal Dwellings joined in whole or in part at the side, the rear, or the side and the rear, with none of the principal Dwellings being placed over another. Each principal Dwelling has separate, individual, and direct access to ground level.

Under section 8.10, **Secondary Suite** means:

a Dwelling that is subordinate to, and located within, a building in the form of Single Detached Housing, Semi-detached Housing, Row

Housing, or Backyard Housing. A Secondary Suite is not a principal Dwelling. A Secondary Suite has a separate entrance from the principal Dwelling, either from a common indoor landing or directly from outside the building. A Secondary Suite has less Floor Area than the principal Dwelling. A Secondary Suite is not separated from the principal Dwelling by a condominium conversion or subdivision.

Under section 8.10, **Dwelling** means:

a self-contained unit consisting of 1 or more rooms used as a bedroom, bathroom, living room, and kitchen. The Dwelling is not intended to be moveable, does not have a visible towing apparatus or visible undercarriage, must be on a foundation, and connected to utilities.

Under section 8.20, **Accessory** means “a Use, building or structure that is naturally or normally incidental, subordinate, and devoted to the principal Use or building, and located on the same Lot or Site.”

Section 2.10.1 states that the **Purpose of the RS - Small Scale Residential Zone** is:

To allow for a range of small scale Residential development up to 3 Storeys in Height, including detached, attached, and multi-unit Residential housing. Limited opportunities for community and commercial development are permitted to provide services to local residents.

Site Coverage

Section 2.10.4.1.7 states:

4.1. Development must comply with Table 4.1:

Table 4.1 Site and Building Regulations			
Subsection	Regulation	Value	Symbol
Site Coverage			
4.1.7	Maximum Site Coverage	45%	-

Under section 8.20, **Site Coverage** means:

the total horizontal area on a Site:

- a. covered by buildings and structures that are 1.8 m or more in Height above Grade; or
- b. covered by a Parkade that is 1.0 m or more in Height above Grade.

This definition includes cantilevers, but does not include steps, eaves, cornices, or other similar projections.

Development Planner's Determination

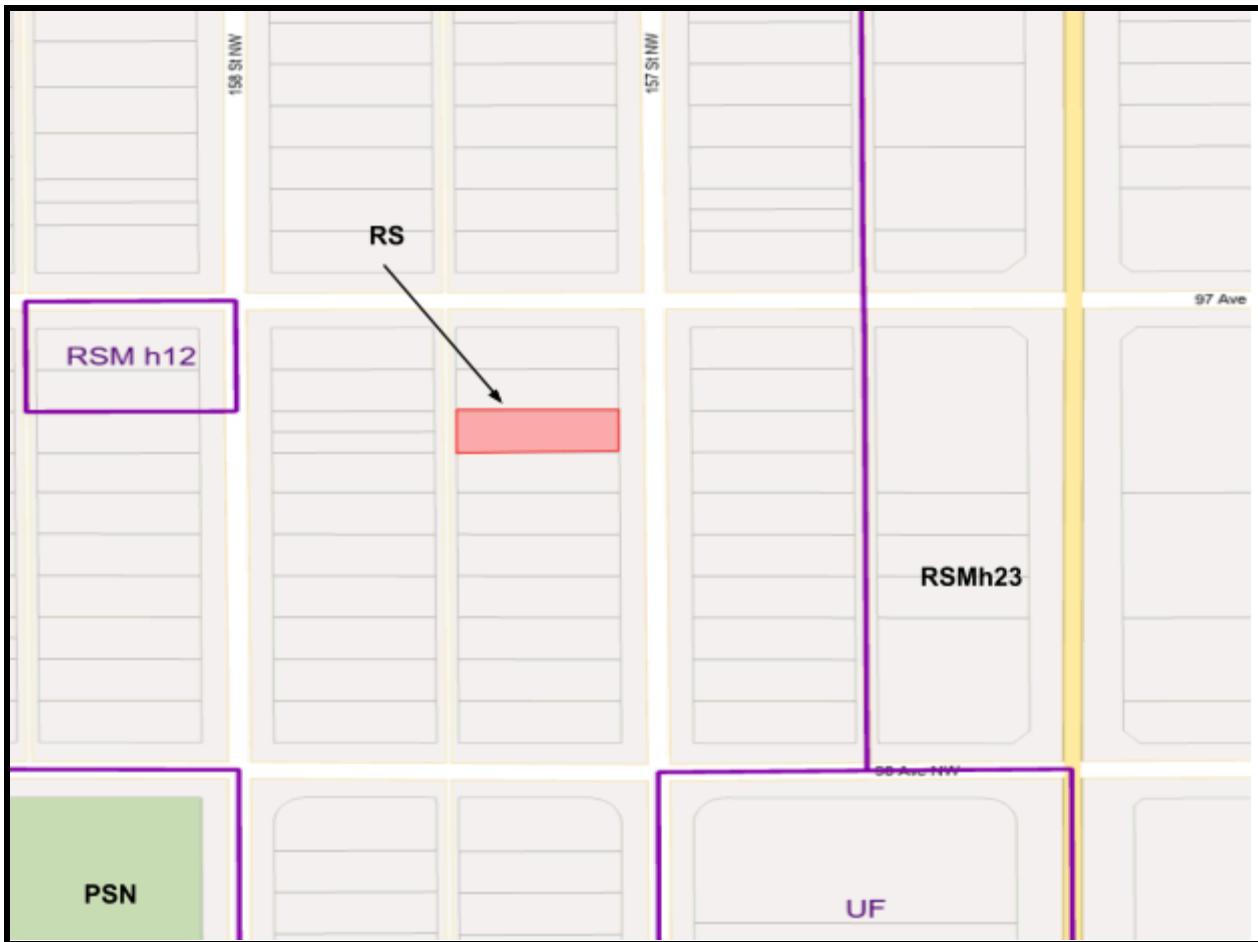

**1) The Maximum Site Coverage is 45% (Subsection 2.10.4.1.7).
Proposed: The Site Coverage is 48%**

[unedited]

Notice to Applicant/Appellant

Provincial legislation requires that the Subdivision and Development Appeal Board issue its official decision in writing within fifteen days of the conclusion of the hearing.

ITEM II: 1:30 P.M.FILE: SDAB-D-25-159AN APPEAL FROM THE DECISION OF THE DEVELOPMENT PLANNER

APPELLANT:

APPLICATION NO.: 621526801-002

APPLICATION TO: Construct a Residential Use building in the form of a 3 Dwelling Row House with unenclosed front porch(s), 3 secondary suites and uncovered decks

DECISION OF THE
DEVELOPMENT AUTHORITY: Approved with Conditions

DECISION DATE: October 7, 2025

DATE OF APPEAL: October 20, 2025

RESPONDENT:

MUNICIPAL DESCRIPTION
OF SUBJECT PROPERTY: 10651 - 62 Avenue NW

LEGAL DESCRIPTION: Plan 2107HW Blk 25 Lot 16

ZONE: RS - Small Scale Residential Zone

OVERLAY: N/A

STATUTORY PLAN: N/A

DISTRICT PLAN: Scona District Plan

<i>Grounds for Appeal</i>

The Appellant provided the following reasons for appealing the decision of the Development Authority:

I do not believe the Development Authority has fully considered the residential parking impact of approving 3 residential units including 3 secondary suites (6 total units) for this site that was formerly a single residence mid block.

This location is immediately across from the CASA center and a fire hydrant. Parking is already limited as the CASA center traffic overflows onto the residential street. The fire hydrant further limits parking availability in this immediate area. The area is often crowded and difficult to use with the current amount of residences. I believe these to be circumstances outside of the regular intent of the zoning bylaw that will create a condition in this area that overwhelms the current road infrastructure. This may also have a further safety impact as children from the CASA center will encounter an extremely congested road when going to/from the center if there is parking volume from an additional 6 units in this area.

General Matters

Appeal Information:

The *Municipal Government Act*, RSA 2000, c M-26 states the following:

Grounds for Appeal

685(1) If a development authority

- (a) fails or refuses to issue a development permit to a person,
- (b) issues a development permit subject to conditions, or
- (c) issues an order under section 645,

the person applying for the permit or affected by the order under section 645 may appeal the decision in accordance with subsection (2.1).

...

(2) In addition to an applicant under subsection (1), any person affected by an order, decision or development permit made or issued by a development authority may appeal the decision in accordance with subsection (2.1).

(3) Despite subsections (1) and (2), no appeal lies in respect of the issuance of a development permit for a permitted use unless the provisions of the land use bylaw were relaxed, varied or

misinterpreted or the application for the development permit was deemed to be refused under section 683.1(8).

Appeals

686(1) A development appeal is commenced by filing a notice of the appeal, containing reasons, with the board hearing the appeal

(a) in the case of an appeal made by a person referred to in section 685(1)

(i) with respect to an application for a development permit,

(A) within 21 days after the date on which the written decision is given under section 642, or

(B) if no decision is made with respect to the application within the 40-day period, or within any extension of that period under section 684, within 21 days after the date the period or extension expires,

or

(ii) with respect to an order under section 645, within 21 days after the date on which the order is made, or

(b) in the case of an appeal made by a person referred to in section 685(2), within 21 days after the date on which the notice of the issuance of the permit was given in accordance with the land use bylaw.

Hearing and Decision

687(3) In determining an appeal, the board hearing the appeal referred to in subsection (1)

...

(a.1) must comply with any applicable land use policies;

(a.2) subject to section 638, must comply with any applicable statutory plans;

(a.3) subject to clause (a.4) and (d), must comply with any land use bylaw in effect;

(a.4) must comply with the applicable requirements of the regulations under the *Gaming, Liquor and Cannabis Act* respecting the location of premises described in a cannabis

licence and distances between those premises and other premises;

...

- (c) may confirm, revoke or vary the order, decision or development permit or any condition attached to any of them or make or substitute an order, decision or permit of its own;
- (d) may make an order or decision or issue or confirm the issue of a development permit even though the proposed development does not comply with the land use bylaw if, in its opinion,
 - (i) the proposed development would not
 - (A) unduly interfere with the amenities of the neighbourhood, or
 - (B) materially interfere with or affect the use, enjoyment or value of neighbouring parcels of land,

and

- (ii) the proposed development conforms with the use prescribed for that land or building in the land use bylaw.

General Provisions from the Zoning Bylaw 20001:

Under section 2.10.2.2, a **Residential Use** is a **Permitted Use** in the **RS - Small Scale Residential Zone**.

Under section 8.10, a **Residential Use** means:

a development where a building or part of a building is designed for people to live in. The building contains 1 or more Dwellings or 1 or more Sleeping Units.

This includes: Backyard Housing, Duplex Housing, Lodging Houses, Multi-unit Housing, Row Housing, Secondary Suites, Semi-detached Housing, Single Detached Housing, and Supportive Housing.

Under section 8.20, **Row Housing** means:

a building that contains 3 or more principal Dwellings joined in whole or in part at the side, the rear, or the side and the rear, with none of the principal Dwellings being placed over another. Each principal Dwelling has separate, individual, and direct access to ground level.

Under section 8.20, **Secondary Suite** means:

a Dwelling that is subordinate to, and located within, a building in the form of Single Detached Housing, Semi-detached Housing, Row Housing, or Backyard Housing. A Secondary Suite is not a principal Dwelling. A Secondary Suite has a separate entrance from the principal Dwelling, either from a common indoor landing or directly from outside the building. A Secondary Suite has less Floor Area than the principal Dwelling. A Secondary Suite is not separated from the principal Dwelling by a condominium conversion or subdivision.

Under section 8.20, **Dwelling** means:

a self-contained unit consisting of 1 or more rooms used as a bedroom, bathroom, living room, and kitchen. The Dwelling is not intended to be moveable, does not have a visible towing apparatus or visible undercarriage, must be on a foundation, and connected to utilities.

Section 2.10.1 states that the **Purpose of the RS - Small Scale Residential Zone** is:

To allow for a range of small scale Residential development up to 3 Storeys in Height, including detached, attached, and multi-unit Residential housing. Limited opportunities for community and commercial development are permitted to provide services to local residents.

Notice to Applicant/Appellant

Provincial legislation requires that the Subdivision and Development Appeal Board issue its official decision in writing within fifteen days of the conclusion of the hearing.

 Page: 2 of 8

Development Permit

Unenclosed steps require a minimum setback of 0.6 m from Lot lines (Subsection 2.10.4.6.). If the unenclosed steps are oriented toward the Interior Side Lot Line, a minimum distance of 1.1 m must be maintained between the Interior Side Lot Line and the unenclosed steps (Subsection 2.10.4.8.1.). If the unenclosed steps are oriented away from the Interior Side Line and have a landing less than or equal to 1.5 m², a minimum distance of 0.15 m must be maintained from the Interior Side Lot line and the unenclosed steps (Subsection 2.10.4.8.2.).

Screening must be provided for the waste collection area, to the satisfaction of the Development Planner (Subsection 5.120.4.1.5)

Outdoor lighting must: be arranged, installed, and maintained to minimize glare and excessive lighting, and to deflect, shade, and focus light away from surrounding Sites to minimize Nuisance; generally be directed downwards, except where directed towards the Site or architectural features located on the Site; be designed to provide an appropriately-lit environment at building entrances, outdoor Amenity Areas, parking facilities, and Pathways; and not interfere with the function of traffic control devices (Subsection 5.120.3).

Landscaping must be installed in accordance with the approved Landscape Plan, and Section 5.60 of Zoning Bylaw 20001, to the satisfaction of the Development Planner.

Any change to the approved Landscape Plan requires the approval of the Development Planner prior to the Landscaping being installed.

Landscaping must be installed within 12 months of receiving the Final Occupancy Permit. Landscaping must be maintained in a healthy condition for a minimum of 24 months after the landscaping has been installed, to the satisfaction of the Development Planner.

PRIOR TO THE RELEASE OF DRAWINGS FOR BUILDING PERMIT REVIEW (except for Building Permits for demolition, excavation, or shoring), an Infill Fire Protection Assessment (IFPA) conducted by Edmonton Fire Rescue, Fire Protection Engineer, must be completed.

The proposed development shall comply with any requirements identified in the IFPA.

Should the IFPA determine that upgrades to the municipal fire protection infrastructure are required, the owner shall enter into a Servicing Agreement with the City for construction of those improvements. The Servicing Agreement must be entered into prior to the release of drawings for Building Permit review.

SUBDIVISION PLANNING (TRANSPORTATION) - CONDITIONS:

1. Access is proposed to the alley and does not require a crossing permit. The area between the property line and the alley driving surface must be hard surfaced to the satisfaction of Subdivision and Development Coordination. This area within the alley road right-of-way must not exceed a slope of 8%.
2. Building Great Neighbourhoods is conducting neighbourhood renewal in Allendale for the 2025 construction season. Reconstruction of the access should be coordinated with the renewal project. Subdivision Planning recommends that the owner/applicant contact either David Kavanagh at David.Kavanagh@edmonton.ca or Building Great Neighbourhoods at BuildingGreatNeighbourhoods@edmonton.ca to coordinate this work on road right-of-way.
3. Permanent objects including concrete steps, railings, planters, etc. must NOT encroach into or over/under road right-of-way. Any proposed landscaping for the development must be provided entirely on private property.
4. There may be utilities within the road right-of-way not specified that must be considered during construction. The owner/applicant is responsible for the location of all underground and above ground utilities and maintaining required clearances as specified by the utility companies. Utility Safety Partners (Online: <https://utilitysafety.ca/wheres-the-line/submit-a-locate-request/>) (1-800-242-3447) and Shaw Cable (1-866-344-7429; www.digshaw.ca) should be contacted at least two weeks prior to the work

 Application Date: JUL 23, 2025
 Printed: October 7, 2025 at 8:35 AM
 Page: 3 of 8

Development Permit

beginning to have utilities located. Any costs associated with relocations and/or removals shall be at the expense of the owner/applicant.

5. Any alley, sidewalk, and/or boulevard damage occurring as a result of construction traffic must be restored to the satisfaction of Development Inspections, as per Subsection 7.150.5.6 of the Zoning Bylaw. All expenses incurred for repair are to be borne by the owner. The applicant is responsible to contact Trevor Singbeil of Development Inspections at 780-496-7019 for an onsite inspection 72 hours prior to and following construction of the access.

6. Any hoarding or construction taking place on road right-of-way requires an OSCAM (On-Street Construction and Maintenance) permit. OSCAM permit applications require Transportation Management Plan (TMP) information. The TMP must include:

- the start/finish date of project;
- accommodation of pedestrians and vehicles during construction;
- confirmation of lay down area within legal road right of way if required;
- and to confirm if crossing the sidewalk and/or boulevard is required to temporarily access the site.

The owner or Prime Contractor must apply for an OSCAM online at: https://www.edmonton.ca/business_economy/oscam-permit-request.aspx

EPCOR WATER SERVICES CONDITIONS:

- Prior to the release of drawings for Building Permit review (except for Building Permits for demolition, excavation, or shoring), an Infill Fire Protection Assessment (IFPA) conducted by Edmonton Fire Rescue, Fire Protection Engineer, must be completed.
- Any party proposing construction involving ground disturbance to a depth exceeding 2m within 5m of the boundary of lands or rights-of-way (ROW) containing EPCOR Water facilities is required to enter into a Facility Proximity Agreement with EWSI, prior to performing the ground disturbance. Additional information and requirements can be found in the City of Edmonton Bylaw 19626 (EPCOR Water Services and Wastewater Treatment). The process can take up to 4 weeks. More information can be requested by contacting waterlandadmin@epcor.com.

Subject to the Following Advisements

GENERAL ADVISEMENTS:

Unless otherwise stated, all above references to "subsection numbers" refer to the authority under the Zoning Bylaw.

An issued Development Permit means that the proposed development has been reviewed against the provisions of this bylaw. It does not remove obligations to conform with other legislation, bylaws or land title instruments including, but not limited to, the Municipal Government Act, the Safety Codes Act, the Historical Resource Act, or any caveats, restrictive covenants or easements that might be attached to the Site (Subsection 7.110.2.1).

Any proposed change from the original issued Development Permit may be subject to a revision/re-examination fee. The fee will be determined by the reviewing planner based on the scope of the request and in accordance with current fee schedules. A review fee may be collected for each change request.

All work within 5 metres of City of Edmonton trees or 10 metres of a City of Edmonton natural stand will require a Public Tree Permit in accordance with Bylaw 18825. For more information on tree protection and Public Tree Permits please see https://www.edmonton.ca/residential_neighbourhoods/gardens_lawns_trees/public-tree-permit. All new installations, above and below ground, within 5m of a City tree require forestry consultation.

In the event that tree removal or relocation is required on City of Edmonton land, including road right-of-way, all costs associated

Project Number: **621526801-002**
 Application Date: JUL 23, 2025
 Printed: October 7, 2025 at 8:35 AM
 Page: 4 of 8

Development Permit

with the removal or relocation will be borne by the owner/applicant as per the City of Edmonton Corporate Tree Management Policy (C456C). City of Edmonton Forestry will schedule and carry out any and all required tree work. Contact Urban Forestry at City Operations, Parks and Roads Services (311) a minimum of 4 weeks prior to construction, to remove and/or relocate the trees.

City of Edmonton Drainage Bylaw 18093 requires this site to obtain an approved lot grading plan prior to the construction of any buildings, additions to buildings, or alterations of surface drainage.

A site mechanical plan stamped by a professional engineer showing water and sewer services, stormwater management calculations and the proposed lot grading design must be submitted to EPCOR Infill Water and Sewer Servicing for review. Following EPCOR's review, the grading plan is forwarded to Development Services for final review and approval. New plan submissions can be made via EPCOR's Builder and Developer web portal in My Account. Visit epcor.com/newconnection and click 'ONLINE APPLICATION' for instructions on the plan submission process.

The site must be graded in accordance with its approved lot grading plan. Any proposed change from the original approved lot grading plan must be submitted to lot.grading@edmonton.ca for review and approval.

For more information on Lot Grading requirements, plans and inspections refer to the website:
https://www.edmonton.ca/residential_neighbourhoods/residential-lot-grading

Please be advised that if the grading plan review results in changes to your approved drawings to incorporate a Low Impact Development (LID) grading design, it is the owner/applicant's responsibility to inform the Urban Planning and Economy department. This notification is necessary to determine whether a new development permit is required.

Signs require separate Development Permit application(s).

SUBDIVISION PLANNING (TRANSPORTATION) - ADVISEMENTS:

1. If Waste Services have concerns with the site submission as it relates to carts/bins, then any revisions to the design of the parking/waste area must be recirculated to Subdivision and Development Coordination. This may result in further changes to the site plan or additional conditions.

EPCOR WATER SERVICES ADVISEMENTS:

1. The site is currently serviced by a 20 mm water service (S10122) located 2.4 m west of the east property line of Lot 16 off of 62 Avenue. If this service will not be used for the planned development, it must be abandoned back to the water main prior to any on-site excavation. The applicant is to contact EPCOR's Water Meter Inspector at 780-412-4000 a minimum of four weeks prior to commencing any work on the site including demolition, excavation or grading for direction on the correct process to follow to have the service isolated and meter removed.

1a. The existing service is not of sufficient size for the proposed development. The owner/applicant must review the total on-site water demands and service line capacity with a qualified engineer to determine the size of service required and ensure adequate water supply to the proposed development.

2. EPCOR Water Services Inc. does not review on-site servicing. It is the applicant's responsibility to obtain the services of a professional to complete on-site water distribution design and to ensure the supply will meet plumbing code and supply requirements.

3. A new water service may be constructed for this lot directly off EPCOR's 250 mm water main along 62 Avenue adjacent to the subject site.

Project Number: **621526801-002**
 Application Date: JUL 23, 2025
 Printed: October 7, 2025 at 8:35 AM
 Page: 5 of 8

Development Permit

4. For information on water and/or sewer servicing requirements, please contact EPCOR Infill Water and Sewer Servicing (IWASS) at wass.drainage@epcor.com or at 780-496-5444. EPCOR Strongly encourages all applicants to contact IWASS early in development planning to learn about site specific minimum requirements for onsite water and/or sewer servicing.
- 4a. For information and to apply for a new water service please go to www.epcor.com/ca/en-ab/edmonton/operations/service-connections.html.
5. For information on service abandonments contact EPCOR Infill Water and Sewer Servicing (IWASS) at wass.drainage@epcor.com or at 780-496-5444.
6. For information on metering and inquiries regarding meter settings please contact EPCOR's Water Meter Inspector at EWInspections@epcor.com or 780-412-3850.
7. The applicant must submit bacteriological test results to EPCOR Water Dispatch and must have a water serviceman turn on the valve. Contact EPCOR Water Dispatch at 780-412-4500 for more information on how to provide the test results. EPCOR Water Dispatch can provide information on the tie-in and commissioning procedure.
8. In reference to City of Edmonton Bylaw 19626 (EPCOR Water Services Bylaw), a private service line must not cross from one separately titled property to another separately titled property even if these properties are owned by the same owner. Refer to the City of Edmonton Design and Construction Standards, Volume 4, Water Service Requirements drawings WA-005-11a and WA005-11b for permitted water service configurations.
9. Due to the built-form in this development, verification that the Required Fire Flow of this development does not exceed the Available Fire Flow at this site is required to support this application. Edmonton Fire Rescue Services, Fire Protection Engineer must assess if Fire Protection of this site is adequate via an Infill Fire Protection Assessment (IFPA).
10. In 2022 the Infill Fire Protection Program was initiated to fund water infrastructure upgrades required to meet municipal fire protection standards within core, mature and established neighbourhoods. The program will consider "missing middle" housing forms, mixed use and smaller scale commercial-only developments. EPCOR Water encourages interested applicants to go to the program website for more information and updates (www.epcor.com/ca/en-ab/edmonton/operations/service-connections/guides-checklists-forms/fire-protection-cost-share.html).
- 10a. Please note that being accepted for consideration in the program does not guarantee funding will be granted, as each application will be weighed against a set of criteria.
- 10b. An Infill Fire Protection Assessment (IFPA) is required to be considered for funding.
11. Development engineering drawings including landscaping and hardscaping must meet Volume 1 (Table of Minimum Offsets) and Volume 4 (April 2021) of the City of Edmonton Design and Construction Standards.
12. Dimensions must be provided as part of the engineering drawing submission package where a tree or shrub bed is installed within 5.0m of a valve, hydrant or curb cock, as per 1.6.1.3 of City of Edmonton Design and Construction Standards Volume 4 (April 2021).
13. The applicant/owner will be responsible for all costs related to any modifications or additions to the existing municipal water infrastructure required by this application.
14. No contractor or private developer may operate any EPCOR valves and only an EPCOR employee or EPCOR authorized agent can remove, operate or maintain EPCOR infrastructure.
15. The advisements and conditions provided in this response are firm and cannot be altered.

Should you require any additional information, please contact Sarah Chileen at schileen@epcor.com.

Development Permit

FIRE RESCUE SERVICES ADVISEMENTS:

Upon review of the noted development application, Edmonton Fire Rescue Services has no objections to this proposal however, has the following advisements for your implementation and information.

A fire safety plan, accepted in writing by the fire department and the authority having jurisdiction, shall be prepared for the site. Edmonton Fire Rescue Services will review your plan at the initial site visit upon commencement of construction. Reference: NFC(2023-AE) 5.6.1.3. Fire Safety Plan

Have the plan ready for review in-person at the first construction site safety inspection by a Fire Safety Codes Officer (Fire SCO). The applicant of a building permit declares that they are aware of the project team's responsibility to have an FSP prepared according to section 5.6 of the NFC(AE).

A Fire SCO may attend a site at any reasonable hour and will review the FSP. The owner or contractor must have the FSP in place and ready for review in accordance with section 5.6 of the NFC(AE).

You can locate a copy of the FSP guide for your reference here:
<https://www.edmonton.ca/sites/default/files/public-files/FireSafetyPlanGuide.pdf?cb=1692102771>

Ensure that the hydrant(s) servicing the site are fully functional prior to construction and remain accessible and unobstructed during construction.

Reference: NFC(2023-AE) 5.6.3.6. Hydrant Access

- 1) Hydrants on construction, alteration, or demolition site shall
 - a) be clearly marked with a sign,
 - b) be accessible, and
 - c) have an unobstructed clearance of not less than 2 m at all times.

NBC (2023-AE) 9.10.20.3. Fire Department Access to Building

- 1) Access for fire department equipment shall be provided to each building by means of a street, private roadway or yard.
- 2) Where access to a building as required in Sentence (1) is provided by means of a roadway or yard, the design and location of such roadway or yard shall take into account connection with public thoroughfares, weight of firefighting equipment, width of roadway, radius of curves, overhead clearance, location of fire hydrants, location of fire department connections and vehicular parking.

Edmonton Fire Rescue Services Access Guidelines specify that the unobstructed travel path (measured from a fire department vehicle to the entry of the building/unit) must be a minimum 0.9m of clear width (gates must be non-locking) and no greater than 45m in distance.

https://www.edmonton.ca/sites/default/files/public-files/assets/PDF/B19-04_Small_Building_Access_Policy.pdf?cb=1632115800
 The path must be of a hard surface such as a sidewalk that is accessible in all climate conditions. Soft surfaces such as grass or landscaped areas will not be considered.

During Construction

To meet the requirements of the National Fire Code — 2023 Alberta Edition, Sentence 5.6.1.2.(1), protection of adjacent properties during construction must be considered.

https://www.edmonton.ca/programs_services/fire_rescue/fire-safety-planning-for-const

Reference: NFC(2023-AE) 5.6.1.2 Protection of Adjacent Building

- 1) Protection shall be provided for adjacent buildings or facilities that would be exposed to fire originating from buildings, parts of buildings, facilities and associated areas undergoing construction, alteration or demolition operations.

Reference: Protection of Adjacent Building- STANDATA - Joint fire/building code interpretation:

Measures to mitigate fire spread to adjacent buildings

Please send ALL FRS DP review inquiries to cmsfpts@edmonton.ca

WASTE MANAGEMENT SERVICES ADVISEMENTS:

Waste Services has reviewed the proposed plan "PLOT PLAN" dated 24/07/25 and has no concerns to identify during this review.

This review follows Waste Services' current standards and practices and will expire when the Development Permit expires.

Adding any number of additional dwellings beyond what is indicated in this letter may result in changes to your waste collection. Waste Services reserves the right to adjust the collection method, location, or frequency to ensure safe and efficient service.

Additional information about waste service at your proposed development:
Waste Services Bylaw 20363 notes that as a residential property, your development must receive waste collection from the City of Edmonton.

To help in planning and designing your development, please refer to Bylaw 20363 to review clauses related to:
Access to containers and removal of obstructions.

Container set out, and

The responsibility for wear and tear or damages.

The green cart equivalency program with an exemption to reduce the spacing required to 0.5 m between carts while maintaining 1.0 m spacing between carts and any other objects such as vehicles, fences, power poles, etc. has been approved for this proposed development with 6 dwellings, allowing it to receive Curbside Collection. Each unit will be charged the waste utility rate. The City will provide a total of 9 carts: 6 x 240 L for garbage and 3 x 240 L for food scraps.

Please note:

Residents would be required to share their food scraps carts.

Residents will be required to set out garbage and food scraps carts on collection day as per the set-out instructions.

Residents would use blue bags for recycling.

A minimum of 7.5 m unobstructed overhead space is required above the collection area to allow proper servicing of the containers.

If the locations of the transformer and switching cubicles do not exactly match the approved drawings, Waste Services must be advised and reserves the right to make changes to the approved plan to ensure waste can still be collected safely and efficiently.

For developments with rear lanes, waste will only be collected from the rear lane for all dwellings in the development. It is the responsibility of the owner to ensure all residents have access to the rear lane for waste set out.

If you require any further clarifications, please contact us.

Sincerely,
Alphonse Njei Akere
Development Planning Assessor
