AN APPEAL FROM THE DECISION OF THE DEVELOPMENT PLANNER

APPELLANT:

APPLICATION NO.: 595568832-002

APPLICATION TO: Construct a Residential Use building in the form of a 4 Dwelling Row House with unenclosed front porches and 4 secondary suites in the basement and on the main floor

DECISION OF THE
DEVELOPMENT AUTHORITY: Approved with Conditions

DECISION DATE: June 26, 2025

DATE OF APPEAL: July 22, 2025

RESPONDENT: Glenora Homes Ltd.

MUNICIPAL DESCRIPTION
OF SUBJECT PROPERTY: 10615 - 130 Street NW

LEGAL DESCRIPTION: Plan 3875P Blk 52 Lot 11

ZONE: RS - Small Scale Residential Zone

OVERLAY: N/A

STATUTORY PLAN: N/A

DISTRICT PLAN: Central District Plan

Grounds for Appeal

The Appellant provided the following reasons for appealing the decision of the Development Authority:

I am appealing the development approval on the following grounds:

- the proposed development does not comply with the zoning bylaw;
- the proposed development will negatively impact neighbouring properties;
- the proposed development will negatively impact the character and historic nature of the community, including but not limited to eliminating historic trees on the site of the development property; and
- such further and other grounds as may be raised at the hearing of the appeal.

General Matters

Appeal Information:

The Subdivision and Development Appeal Board (“SDAB”) made and passed the following decision on August 25, 2025:

“The appeal was filed on time, in accordance with Section 686 of the Municipal Government Act and the Board assumes jurisdiction. The hearing is postponed to September 18, 2025.”

The SDAB made and passed the following motion on August 28, 2025:

“That the appeal hearing be scheduled for October 9, 2025.”

The *Municipal Government Act*, RSA 2000, c M-26 states the following:

Grounds for Appeal

685(1) If a development authority

- (a) fails or refuses to issue a development permit to a person,
- (b) issues a development permit subject to conditions, or
- (c) issues an order under section 645,

the person applying for the permit or affected by the order under section 645 may appeal the decision in accordance with subsection (2.1).

...

(2) In addition to an applicant under subsection (1), any person affected by an order, decision or development permit made or issued by a development authority may appeal the decision in accordance with subsection (2.1).

(3) Despite subsections (1) and (2), no appeal lies in respect of the issuance of a development permit for a permitted use unless the provisions of the land use bylaw were relaxed, varied or misinterpreted or the application for the development permit was deemed to be refused under section 683.1(8).

Appeals

686(1) A development appeal is commenced by filing a notice of the appeal, containing reasons, with the board hearing the appeal

(a) in the case of an appeal made by a person referred to in section 685(1)

(i) with respect to an application for a development permit,

(A) within 21 days after the date on which the written decision is given under section 642, or

(B) if no decision is made with respect to the application within the 40-day period, or within any extension of that period under section 684, within 21 days after the date the period or extension expires,

or

(ii) with respect to an order under section 645, within 21 days after the date on which the order is made, or

(b) in the case of an appeal made by a person referred to in section 685(2), within 21 days after the date on which the notice of the issuance of the permit was given in accordance with the land use bylaw.

Hearing and Decision

687(3) In determining an appeal, the board hearing the appeal referred to in subsection (1)

...

(a.1) must comply with any applicable land use policies;

(a.2) subject to section 638, must comply with any applicable statutory plans;

(a.3) subject to clause (a.4) and (d), must comply with any land use bylaw in effect;

(a.4) must comply with the applicable requirements of the regulations under the *Gaming, Liquor and Cannabis Act* respecting the location of premises described in a cannabis licence and distances between those premises and other premises;

...

(c) may confirm, revoke or vary the order, decision or development permit or any condition attached to any of them or make or substitute an order, decision or permit of its own;

(d) may make an order or decision or issue or confirm the issue of a development permit even though the proposed development does not comply with the land use bylaw if, in its opinion,

(i) the proposed development would not

(A) unduly interfere with the amenities of the neighbourhood, or

(B) materially interfere with or affect the use, enjoyment or value of neighbouring parcels of land,

and

(ii) the proposed development conforms with the use prescribed for that land or building in the land use bylaw.

General Provisions from the Zoning Bylaw 20001:

Under section 2.10.2.2, a **Residential Use** is a **Permitted Use** in the **RS - Small Scale Residential Zone**.

Under section 8.10, a **Residential Use** means:

a development where a building or part of a building is designed for people to live in. The building contains 1 or more Dwellings or 1 or more Sleeping Units.

This includes: Backyard Housing, Duplex Housing, Lodging Houses, Multi-unit Housing, Row Housing, Secondary Suites, Semi-detached Housing, Single Detached Housing, and Supportive Housing.

Under section 8.20, **Row Housing** means:

a building that contains 3 or more principal Dwellings joined in whole or in part at the side, the rear, or the side and the rear, with none of the principal Dwellings being placed over another. Each principal Dwelling has separate, individual, and direct access to ground level.

Under section 8.20, **Secondary Suite** means:

a Dwelling that is subordinate to, and located within, a building in the form of Single Detached Housing, Semi-detached Housing, Row Housing, or Backyard Housing. A Secondary Suite is not a principal Dwelling. A Secondary Suite has a separate entrance from the principal Dwelling, either from a common indoor landing or directly from outside the building. A Secondary Suite has less Floor Area than the principal Dwelling. A Secondary Suite is not separated from the principal Dwelling by a condominium conversion or subdivision.

Under section 8.20, **Dwelling** means:

a self-contained unit consisting of 1 or more rooms used as a bedroom, bathroom, living room, and kitchen. The Dwelling is not intended to be moveable, does not have a visible towing apparatus or visible undercarriage, must be on a foundation, and connected to utilities.

Section 2.10.1 states that the **Purpose of the RS - Small Scale Residential Zone** is:

To allow for a range of small scale Residential development up to 3 Storeys in Height, including detached, attached, and multi-unit Residential housing. Limited opportunities for community and commercial development are permitted to provide services to local residents.

Previous Subdivision and Development Appeal Board Decision

Application Number	Description	Decision
SDAB-D-06-243	Construct an Accessory Building (Detached Garage 7.32 metres by 7.32 metres) and to demolish the existing Accessory Building (Detached Garage 4.34 metres by 6.78 metres)	October 6, 2006; that the appeal be ALLOWED and the DEVELOPMENT GRANTED and the excess of 0.26 metres in the maximum allowable Height for an Accessory Building or Structure be permitted subject to the following conditions:

		<ol style="list-style-type: none">1. eaves, including eavestroughing may project a maximum of 0.46 metres (1.5 feet) into required yards or separation spaces of less than 1.2 metres (four feet);2. eavestroughing be installed and drainage to take place entirely on subject property;3. exterior finish of the garage to be made compatible with that of the existing principal dwelling;4. the access to the garage shall be hardsurfaced. Hardsurfacing shall mean the provision of a durable, dust-free material constructed of concrete, asphalt or similar pavement capable of withstanding expected vehicle loads.
--	--	---

Notice to Applicant/Appellant

Provincial legislation requires that the Subdivision and Development Appeal Board issue its official decision in writing within fifteen days of the conclusion of the hearing.

Minor Development Permit

unenclosed front porches and 4 secondary suites in the basement and on the main floor.

The development must be constructed in accordance with the approved drawings.

WITHIN 14 DAYS OF APPROVAL, prior to any demolition or construction activity, the applicant must post on-site a Development Permit Notification Sign (Subsection 7.160.2.2).

Screening must be provided for the waste collection area, to the satisfaction of the Development Planner (Subsection 5.120.4.1.5).

Parking Spaces must be Hard Surfaced where vehicle access is provided from a Street or an Alley (Subsection 5.80.5.7).

Outdoor lighting must be arranged, installed, and maintained to minimize glare and excessive lighting, and to deflect, shade, and focus light away from surrounding Sites to minimize Nuisance; generally be directed downwards, except where directed towards the Site or architectural features located on the Site; be designed to provide an appropriately-lit environment at building entrances, outdoor Amenity Areas, parking facilities, and Pathways; and not interfere with the function of traffic control devices (Subsection 5.120.3).

Landscaping must be installed in accordance with the approved Landscape Plan, and Section 5.60 of Zoning Bylaw 20001, to the satisfaction of the Development Planner.

Any change to the approved Landscape Plan requires the approval of the Development Planner prior to the Landscaping being installed.

Landscaping must be installed within 12 months of receiving the Final Occupancy Permit. Landscaping must be maintained in a healthy condition for a minimum of 24 months after the landscaping has been installed, to the satisfaction of the Development Planner.

TRANSPORTATION PLANNING SERVICES CONDITIONS::

1 - Access is proposed to the alley and does not require a crossing permit. The area between the east property line and the alley driving surface must be hard surfaced to the satisfaction of Subdivision and Development Coordination and must not exceed a slope of 8%.

2 - Permanent objects including concrete steps, retaining walls, ramps, railings, fencing, planters, etc. must NOT encroach into or over/under road right-of-way. Any proposed landscaping for the development must be provided entirely on private property.

3 - A Public Tree Permit will be required for any boulevard trees within 5 meters of the site; trees must be protected during construction as per the Public Tree Bylaw 18825. If tree damage occurs, all tree related costs will be covered by the proponent as per the Corporate Tree Management Policy (C456C). This includes compensation for tree value on full or partial tree loss as well as all operational and administrative fees. The owner/applicant must contact City Operations, Parks and Roads Services at citytrees@edmonton.ca to arrange any clearance pruning or root cutting prior to construction.

4 - There may be utilities within the road right-of-way not specified that must be considered during construction. The owner/applicant is responsible for the location of all underground and above ground utilities and maintaining required clearances as specified by the utility companies. Utility Safety Partners (Online: <https://utilitysafety.ca/wheres-the-line/submit-a-locate-request/>) (1-800-242-3447) and Shaw Cable (1-866-344-7429; www.digshaw.ca) should be contacted at least two weeks prior to the work beginning to have utilities located. Any costs associated with relocations and/or removal shall be at the expense of the owner/applicant.

5 - Any alley, sidewalk or boulevard damage occurring as a result of construction traffic must be restored to the satisfaction of Development Inspections, as per Subsection 7.150.5.6 of the Zoning Bylaw. All expenses incurred for repair are to be borne by the owner.

Project Number: **595568832-002**
 Application Date: **MAY 08, 2025**
 Printed: **June 26, 2025 at 1:18 PM**
 Page: **3 of 7**

Minor Development Permit

6 - Any hoarding or construction taking place on road right-of-way requires an OSCAM (On-Street Construction and Maintenance) permit. OSCAM permit applications require Transportation Management Plan (TMP) information. The TMP must include:

- the start/finish date of project;
- accommodation of pedestrians and vehicles during construction;
- confirmation of lay down area within legal road right of way if required; and
- to confirm if crossing the sidewalk and/or boulevard is required to temporarily access the site.

It should be noted that the hoarding must not damage boulevard trees. The owner or Prime Contractor must apply for an OSCAM online at:

https://www.edmonton.ca/business_economy/oscam-permit-request.aspx

EPCOR WATER SERVICES CONDITIONS:

- Prior to the release of drawings for Building Permit review (except for Building Permits for demolition, excavation, or shoring), an Infill Fire Protection Assessment (IFPA) conducted by Edmonton Fire Rescue, Fire Protection Engineer, must be completed.

- The proposed development must comply with any requirements identified in the IFPA.

NOTE: The IFPA review has determined that Fire Protection for the proposed development for this site is adequate. No upgrade is required.

- Any party proposing construction involving ground disturbance to a depth exceeding 2m within 5m of the boundary of lands or rights-of-way (ROW) containing EPCOR Water facilities is required to enter into a Facility Proximity Agreement with EWSI, prior to performing the ground disturbance. Additional information and requirements can be found in the City of Edmonton Bylaw 19626 (EPCOR Water Services and Wastewater Treatment). The process can take up to 4 weeks. More information can be requested by contacting waterlandadmin@epcor.com.

GENERAL ADVISEMENTS:

Unless otherwise stated, all above references to "subsection numbers" refer to the authority under the Zoning Bylaw.

An issued Development Permit means that the proposed development has been reviewed against the provisions of this bylaw. It does not remove obligations to conform with other legislation, bylaws or land title instruments including, but not limited to, the Municipal Government Act, the Safety Codes Act, the Historical Resource Act, or any caveats, restrictive covenants or easements that might be attached to the Site (Subsection 7.110.2.1).

Any proposed change from the original issued Development Permit may be subject to a revision/re-examination fee. The fee will be determined by the reviewing planner based on the scope of the request and in accordance with current fee schedules. A review fee may be collected for each change request.

All work within 5 metres of City of Edmonton trees or 10 metres of a City of Edmonton natural stand will require a Public Tree Permit in accordance with Bylaw 18825. For more information on tree protection and Public Tree Permits please see https://www.edmonton.ca/residential_neighbourhoods/gardens_lawns_trees/public-tree-permit. All new installations, above and below ground, within 5m of a City tree require forestry consultation.

In the event that tree removal or relocation is required on City of Edmonton land, including road right-of-way, all costs associated with the removal or relocation will be borne by the owner/applicant as per the City of Edmonton Corporate Tree Management Policy (C456C). City of Edmonton Forestry will schedule and carry out any and all required tree work. Contact Urban Forestry at City Operations, Parks and Roads Services (311) a minimum of 4 weeks prior to construction, to remove and/or relocate the trees.

City of Edmonton Drainage Bylaw 18093 requires this site to obtain an approved lot grading plan prior to the construction of any buildings, additions to buildings, or alterations of surface drainage.

Project Number: **595568832-002**
 Application Date: **MAY 08, 2025**
 Printed: **June 26, 2025 at 1:18 PM**
 Page: **4 of 7**

Minor Development Permit

A site mechanical plan stamped by a professional engineer showing water and sewer services, stormwater management calculations and the proposed lot grading design must be submitted to EPCOR Infill Water and Sewer Servicing for review. Following EPCOR's review, the grading plan is forwarded to Development Services for final review and approval. New plan submissions can be made via EPCOR's Builder and Developer web portal in My Account. Visit epcor.com/newconnection and click 'ONLINE APPLICATION' for instructions on the plan submission process.

The site must be graded in accordance with its approved lot grading plan. Any proposed change from the original approved lot grading plan must be submitted to lot.grading@edmonton.ca for review and approval.

For more information on Lot Grading requirements, plans and inspections refer to the website:
https://www.edmonton.ca/residential_neighbourhoods/residential-lot-grading

Please be advised that if the grading plan review results in changes to your approved drawings to incorporate a Low Impact Development (LID) grading design, it is the owner/applicant's responsibility to inform the Urban Planning and Economy department. This notification is necessary to determine whether a new development permit is required.

Signs require separate Development Permit application(s).

FIRE RESCUE SERVICES ADVISEMENTS:

Upon review of the noted development application, Edmonton Fire Rescue Services has no objections to this proposal however, has the following conditions for your implementation and information.

A fire safety plan, accepted in writing by the fire department and the authority having jurisdiction, shall be prepared for the site. Edmonton Fire Rescue Services will review your plan at the initial site visit upon commencement of construction.
 Reference: NFC(2023-AE) 5.6.1.3. Fire Safety Plan

Have the plan ready for review in-person at the first construction site safety inspection by a Fire Safety Codes Officer (Fire SCO). The applicant of a building permit declares that they are aware of the project team's responsibility to have an FSP prepared according to section 5.6 of the NFC(AE).

A Fire SCO may attend a site at any reasonable hour and will review the FSP. The owner or constructor must have the FSP in place and ready for review in accordance with section 5.6 of the NFC(AE).

You can locate a copy of the FSP guide for your reference here:
<https://www.edmonton.ca/sites/default/files/public-files/FireSafetyPlanGuide.pdf?cb=1692102771>

Ensure that the hydrant(s) servicing the site are fully functional prior to construction and remain accessible and unobstructed during construction.

Reference: NFC(2023-AE) 5.6.3.6. Hydrant Access

- 1) Hydrants on construction, alteration, or demolition site shall
 - a) be clearly marked with a sign,
 - b) be accessible, and
 - c) have an unobstructed clearance of not less than 2 m at all times.

NBC (2023-AE) 9.10.20.3. Fire Department Access to Building

- 1) Access for fire department equipment shall be provided to each building by means of a street, private roadway or yard.
- 2) Where access to a building as required in Sentence (1) is provided by means of a roadway or yard, the design and location of such roadway or yard shall take into account connection with public thoroughfares, weight of firefighting equipment, width of roadway, radius of curves, overhead clearance, location of fire hydrants, location of fire department connections and vehicular parking.

Project Number: **595568832-002**
 Application Date: MAY 08, 2025
 Printed: June 26, 2025 at 1:18 PM
 Page: 5 of 7

Minor Development Permit

Edmonton Fire Rescue Services Access Guidelines specify that the unobstructed travel path (measured from a fire department vehicle to the entry of the building/unit) must be a minimum 0.9m of clear width (gates must be non-locking) and no greater than 45m. in distance.

https://www.edmonton.ca/sites/default/files/public-files/assets/PDF/B19-04_Small_Building_Access_Policy.pdf?cb=1632115800

The path must be of a hard surface such as a sidewalk that is accessible in all climate conditions. Soft surfaces such as grass or landscaped areas will not be considered.

During Construction

To meet the requirements of the National Fire Code — 2023 Alberta Edition, Sentence 5.6.1.2.(1), protection of adjacent properties during construction must be considered.

https://www.edmonton.ca/programs_services/fire_rescue/fire-safety-planning-for-const
 Reference: NFC(2023-AE) 5.6.1.2 Protection of Adjacent Building

1) Protection shall be provided for adjacent buildings or facilities that would be exposed to fire originating from buildings, parts of buildings, facilities and associated areas undergoing construction, alteration or demolition operations.

Reference: Protection of Adjacent Building- STANDATA - Joint fire/building code interpretation:

Protection of Adjacent Buildings During Construction and Demolition

Kind regards,

William Heng

FSCO Group B, Level II

Please send ALL FRS DP review inquiries to cmsfpts@edmonton.ca

EPCOR WATER SERVICES ADVISEMENTS:

1. The site is currently serviced by a 20 mm copper water service (N21697) located 54.9 m north of the north property line of 106 Avenue off of the lane east of 130 Street. If this service will not be used for the planned development, it must be abandoned back to the water main prior to any on-site excavation. The applicant is to contact EPCOR's Water Meter Inspector at 780-412-4000 a minimum of four weeks prior to commencing any work on the site including demolition, excavation or grading for direction on the correct process to follow to have the service isolated and meter removed.

1a. The existing service is not of sufficient size for the proposed development. The owner/applicant must review the total on-site water demands and service line capacity with a qualified engineer to determine the size of service required and ensure adequate water supply to the proposed development.

2. EPCOR Water Services Inc. does not review on-site servicing. It is the applicant's responsibility to obtain the services of a professional to complete on-site water distribution design and to ensure the supply will meet plumbing code and supply requirements.

3. A new water service may be constructed for this lot directly off EPCOR's 150 mm water main along the lane east of 130 Street adjacent to the subject site.

4. For information on water and/or sewer servicing requirements, please contact EPCOR Infill Water and Sewer Servicing (IWASS) at wass.drainage@epcor.com or at 780-496-5444. EPCOR Strongly encourages all applicants to contact IWASS early in development planning to learn about site specific minimum requirements for onsite water and/or sewer servicing.

4a. For information and to apply for a new water service please go to www.epcor.com/ca/en/ab/edmonton/operations/service-connections.html.

5. For information on service abandonments contact EPCOR Infill Water and Sewer Servicing (IWASS) at

Project Number: **595568832-002**
 Application Date: **MAY 08, 2025**
 Printed: **June 26, 2025 at 1:18 PM**
 Page: **6 of 7**

Minor Development Permit

wass.drainage@epcor.com or at 780-496-5444.

6. For information on metering and inquiries regarding meter settings please contact EPCOR's Water Meter Inspector at EWInspections@epcor.com or 780-412-3850.
7. The applicant must submit bacteriological test results to EPCOR Water Dispatch and must have a water serviceman turn on the valve. Contact EPCOR Water Dispatch at 780-412-4500 for more information on how to provide the test results. EPCOR Water Dispatch can provide information on the tie-in and commissioning procedure.
8. In reference to City of Edmonton Bylaw 19626 (EPCOR Water Services Bylaw), a private service line must not cross from one separately titled property to another separately titled property even if these properties are owned by the same owner. Refer to the City of Edmonton Design and Construction Standards, Volume 4, Water Service Requirements drawings WA-005-11a and WA-005-11b for permitted water service configurations.
9. Water network capacity adjacent to the site is between 50 L/s and 100 L/s. Also, hydrant spacing adjacent to the site is 317 m. Water network capacity and hydrant spacing do not meet the requirements based on Volume 4 of the City of Edmonton Design and Construction Standards. Edmonton Fire Rescue Services Engineering must be contacted to assess if Fire Protection of this site is adequate via Infill Fire Protection Assessment (IFPA).
 NOTE: The IFPA review has determined that Fire Protection for the proposed development for this site is adequate. No upgrade is required.
10. In 2022 the Infill Fire Protection Program was initiated to fund water infrastructure upgrades required to meet municipal fire protection standards within core, mature and established neighbourhoods. The program will consider "missing middle" housing forms, mixed use and smaller scale commercial-only developments. EPCOR Water encourages interested applicants to go to the program website for more information and updates (www.epcor.com/ca/en/ab/edmonton/operations/service-connections/guides-checklists-forms/fire-protection-cost-share.html).
- 10a. Please note that being accepted for consideration in the program does not guarantee funding will be granted, as each application will be weighed against a set of criteria.
- 10b. An Infill Fire Protection Assessment (IFPA) is required to be considered for funding.
11. Development engineering drawings including landscaping and hardscaping must meet Volume 1 (Table of Minimum Offsets) and Volume 4 (April 2021) of the City of Edmonton Design and Construction Standards.
12. Dimensions must be provided as part of the engineering drawing submission package where a tree or shrub bed is installed within 5.0m of a valve, hydrant or curb cock, as per 1.6.1.3 of City of Edmonton Design and Construction Standards Volume 4 (April 2021).
13. The applicant/owner will be responsible for all costs related to any modifications or additions to the existing municipal water infrastructure required by this application.
14. No contractor or private developer may operate any EPCOR valves and only an EPCOR employee or EPCOR authorized agent can remove, operate or maintain EPCOR infrastructure.
15. The advisements and conditions provided in this response are firm and cannot be altered.

Should you require any additional information, please contact Sarah Chileen at schileen@epcor.com.

WASTE MANAGEMENT SERVICES ADVISEMENTS:

Waste Services has reviewed the proposed plan "PLOT PLAN" dated 2025-04-30 and has no concerns to identify during this review.

Edmonton

Project Number: **595568832-002**
 Application Date: **MAY 08, 2025**
 Printed: **June 26, 2025 at 1:18 PM**

Minor Development Permit

This review follows Waste Services' current standards and practices and will expire when the Development Permit expires.

Adding any number of additional dwellings beyond what is indicated in this letter may result in changes to your waste collection. Waste Services reserves the right to adjust the collection method, location, or frequency to ensure safe and efficient service.

Additional information about waste service at your proposed development:

Waste Services Bylaw 20363 notes that as a residential property, your development must receive waste collection from the City of Edmonton.

To help in planning and designing your development, please refer to Bylaw 20363 to review clauses related to:
 Access to containers and removal of obstructions.

Container set out, and

The responsibility for wear and tear or damages.

The green cart equivalency program and an exemption to reduce the spacing required to 0.5 m between carts while maintaining 1.0 m spacing between carts and any other objects such as vehicles, fences, power poles, etc. has been approved for this proposed development with 8 dwellings, allowing it to receive Curbside Collection. The City will provide a total of 12 carts: 8 x 240 L for garbage and 4 x 240 L for food scraps.

Please note:

Residents would be required to share their food scraps carts.

Residents will be required to set out garbage and food scraps carts on collection day as per the set-out instructions.

Residents would use blue bags for recycling.

A minimum of 7.5 m unobstructed overhead space is required above the collection area to allow proper servicing of the containers. If the locations of the transformer and switching cubicles do not exactly match the approved drawings, Waste Services must be advised and reserves the right to make changes to the approved plan to ensure waste can still be collected safely and efficiently. For developments with rear lanes, waste will only be collected from the rear lane for all dwellings in the development. It is the responsibility of the owner to ensure all residents have access to the rear lane for waste set out.

If you require any further clarifications, please contact us.

Sincerely,
 Abdullah Elsherif
 Development Planning Assessor

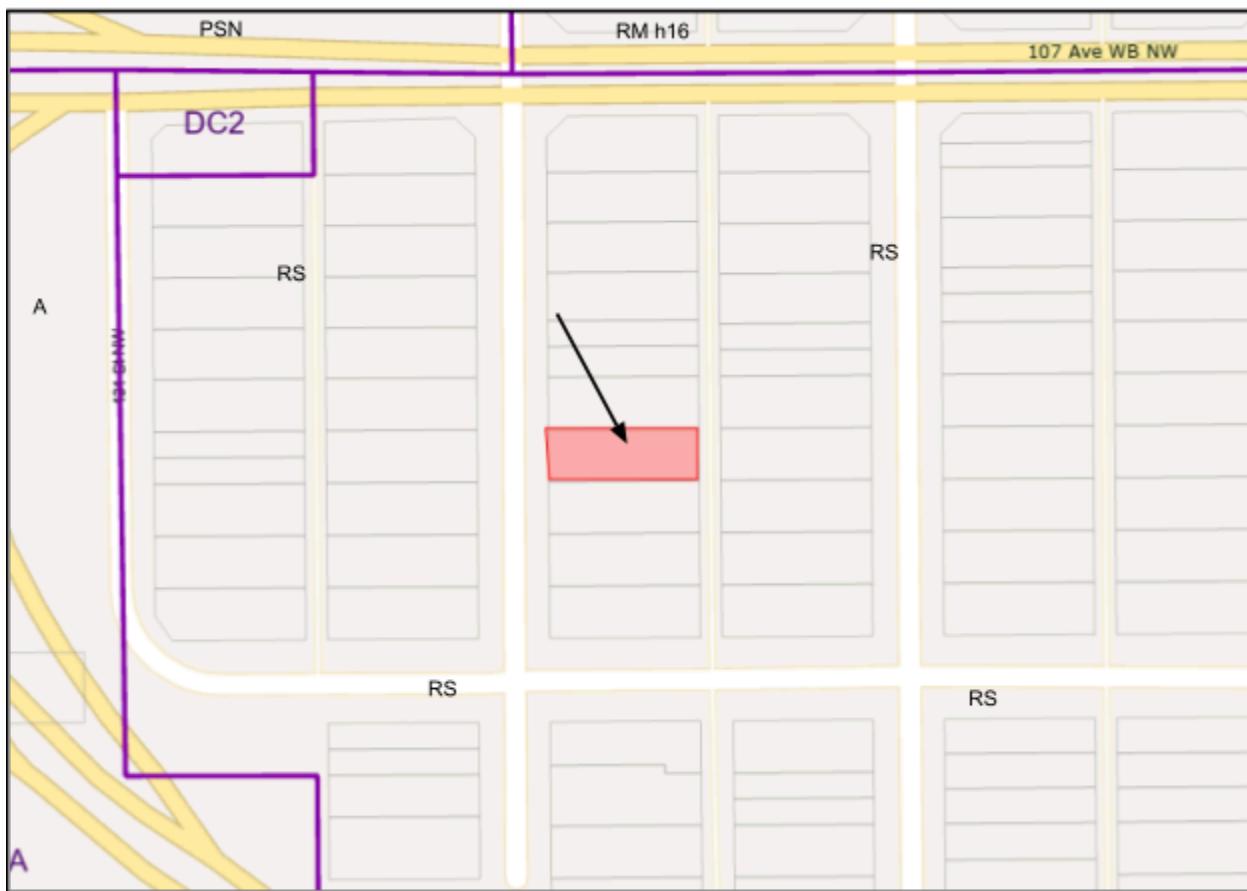

Rights of Appeal

This approval is subject to the right of appeal to the Subdivision and Development Appeal Board (SDAB) as outlined in Chapter M-26, Section 683 through 689 of the Municipal Government Act.

ITEM II: 2:00 P.M.FILE: SDAB-D-25-141AN APPEAL FROM THE DECISION OF THE DEVELOPMENT PLANNER

APPELLANT:

APPLICATION NO.: 533089745-002

APPLICATION TO: To construct a Personal Services Shops and Professional, Financial and Office Support Services building. (Zoning Bylaw 20001 equivalent: Indoor Sales and Service and Offices building)

DECISION OF THE
DEVELOPMENT AUTHORITY: Approved with Conditions

DECISION DATE: August 14, 2025

DATE OF APPEAL: September 11, 2025

RESPONDENT: Mik-Tik Building & Design Ltd.

MUNICIPAL DESCRIPTION
OF SUBJECT PROPERTY: 10729 - 96 Street NW

LEGAL DESCRIPTION: Plan ND Blk 24 Lot 21

ZONE: DC1 - Direct Development Control Provision - (Bylaw 17918 (DC1 - Area 14) (Boyle Street/McCauley ARP)

OVERLAY: N/A

STATUTORY PLAN: DC1 refers to Boyle Street/McCauley Area
Redevelopment Plan

DISTRICT PLAN: Central District Plan

Grounds for Appeal

The Appellant provided the following reasons for appealing the decision of the Development Authority:

I am writing to formally appeal the approval of the development permit for a property directly adjacent to my residence. I am an affected party under Section 685(2) of the Municipal Government Act and wish to express my concerns regarding the impact this development will have on my property and the surrounding neighborhood.

Grounds for Appeal

1. Undue Interference with Neighborhood Amenities

The proposed business will significantly alter the residential character of our neighborhood. Increased traffic, commercial signage, and customer activity will disrupt the quiet, family-oriented environment that residents value.

2. Material Impact on Use and Enjoyment of Property

I anticipate increased noise levels, reduced privacy, and potential safety concerns due to higher foot and vehicle traffic. These changes will materially interfere with my ability to enjoy my home and yard.

It is likely that the proposed business will be a convenience store, which may contribute to increased crime and homelessness in the area. Currently, there are approximately five convenience stores within 500 meters of this property, and around twelve within a 1-kilometer radius. Residents have noted that the McCauley neighborhood already has a high concentration of pharmacies and convenience stores. This clustering has raised concerns about its contribution to community challenges, including homelessness and crime.

3. Parking and Traffic Concerns

The proposed development does not appear to provide adequate off-street parking. This will likely result in overflow parking on residential streets, creating congestion and accessibility issues.

There is an International Child & Family Centre located across the alleyway, which has 40 parking spots. The alley is frequently used by vehicles transporting children to daycare and youths attending the gymnasium. The alley is narrowtwo cars cannot pass simultaneously and the addition of a business with only one parking space will exacerbate congestion. Increased traffic in the alley will create safety risks and strain infrastructure not designed for high vehicle volume.

Conclusion

I respectfully request that the SDAB reconsider the approval of this development permit. The proposed business poses significant risks to the safety, character, and livability of our neighborhood. I am prepared to attend the hearing and provide further evidence, including photographs and community feedback.

Appeal Information:

The *Municipal Government Act*, RSA 2000, c M-26 states the following:

Grounds for Appeal**685(1) If a development authority**

- (a) fails or refuses to issue a development permit to a person,
- (b) issues a development permit subject to conditions, or
- (c) issues an order under section 645,

the person applying for the permit or affected by the order under section 645 may appeal the decision in accordance with subsection (2.1).

...

(2) In addition to an applicant under subsection (1), any person affected by an order, decision or development permit made or issued by a development authority may appeal the decision in accordance with subsection (2.1).

(3) Despite subsections (1) and (2), no appeal lies in respect of the issuance of a development permit for a permitted use unless the provisions of the land use bylaw were relaxed, varied or misinterpreted or the application for the development permit was deemed to be refused under section 683.1(8).

Appeals

686(1) A development appeal is commenced by filing a notice of the appeal, containing reasons, with the board hearing the appeal

- (a) in the case of an appeal made by a person referred to in section 685(1)
 - (i) with respect to an application for a development permit,
 - (A) within 21 days after the date on which the written decision is given under section 642, or
 - (B) if no decision is made with respect to the application within the 40-day period, or within any extension of that period under section 684, within 21 days after the date the period or extension expires,

or

- (ii) with respect to an order under section 645, within 21 days after the date on which the order is made, or
- (b) in the case of an appeal made by a person referred to in section 685(2), within 21 days after the date on which the notice of the issuance of the permit was given in accordance with the land use bylaw.

Hearing and Decision

687(3) In determining an appeal, the board hearing the appeal referred to in subsection (1)

...

- (a.1) must comply with any applicable land use policies;
- (a.2) subject to section 638, must comply with any applicable statutory plans;
- (a.3) subject to clause (a.4) and (d), must comply with any land use bylaw in effect;
- (a.4) must comply with the applicable requirements of the regulations under the *Gaming, Liquor and Cannabis Act* respecting the location of premises described in a cannabis licence and distances between those premises and other premises;

...

- (c) may confirm, revoke or vary the order, decision or development permit or any condition attached to any of them or make or substitute an order, decision or permit of its own;
- (d) may make an order or decision or issue or confirm the issue of a development permit even though the proposed development does not comply with the land use bylaw if, in its opinion,
 - (i) the proposed development would not
 - (A) unduly interfere with the amenities of the neighbourhood, or
 - (B) materially interfere with or affect the use, enjoyment or value of neighbouring parcels of land,

and

(ii) the proposed development conforms with the use prescribed for that land or building in the land use bylaw.

685(4) Despite subsections (1), (2), (2.1) and (3), if a decision with respect to a development permit application in respect of a direct control district

- (a) is made by a council, there is no appeal to the subdivision and development appeal board, or
- (b) is made by a development authority, the appeal may only be made to the subdivision and development appeal board and is limited to whether the development authority followed the directions of council, and if the subdivision and development appeal board finds that the development authority did not follow the directions it may, in accordance with the directions, substitute its decision for the development authority's decision.

Zoning Bylaw 20001 - Part 7 - Administrative and Interpretative Clauses

Section 7.10, *Repeal, Enactment and Transition Procedures*, states the following:

1. Edmonton Zoning Bylaw 12800, as amended, is repealed.
2. The regulations of this Bylaw come into effect on January 1, 2024 (the "effective date").
3. The regulations of this Bylaw apply from the effective date onward:
 - 3.1 subject to the regulations for non-conforming Uses as outlined in the Municipal Government Act; and
 - 3.2 despite the effect it might have on rights, vested or otherwise.
4. Regulations for zoning, land use, or development in any other Bylaw must not apply to any part of the city described in this Bylaw except as otherwise provided for in this Bylaw.
5. Development Permit applications must be evaluated under the regulations of this Bylaw as of the effective date, even if the application was received before this date.
6. Any Direct Control Zone regulations that were in effect immediately prior to the effective date of this Bylaw will continue to be in full force and effect and are hereby incorporated into Part 4 of this Bylaw.

Section 7.20.4, General Rules of Interpretation - Direct Control Zones and Existing Development Permits, states the following:

4.1. For the purpose of any Direct Control Zone passed on or before December 31, 2023:

4.1.1. the definitions of the listed Uses in the Direct Control Zone must be interpreted in compliance with either Land Use Bylaw 5996 as it appeared on June 13, 2001, or Zoning Bylaw 12800 as it appeared on December 31, 2023, whichever is applicable;

4.1.2. where the Direct Control Zone references a specific Section or Subsection of a land use bylaw, that reference is interpreted to be to the specific Section or Subsection of the land use bylaw that was in effect on the date on which the Direct Control Zone was approved by Council; and

4.1.3. where the Direct Control Zone references a specific Zone or Overlay of a land use bylaw, that reference is interpreted to be to the specific Zone or Overlay of the land use bylaw that was in effect on December 31, 2023.

4.2. For the purpose of any Direct Control Zone passed on or after January 1, 2024:

4.2.1 where the Direct Control Zone references a specific Section or Subsection of a land use bylaw, that reference is interpreted to be to the specific Section or Subsection of the land use bylaw that was in effect on the date on which the Direct Control Zone was approved by Council; and

4.2.2. where the Direct Control Zone references a specific Zone or Overlay of a land use bylaw, that reference is interpreted to be to the specific Zone or Overlay of the land use bylaw that was in effect on the date of decision for the Development Permit application.

4.3. Where there is a discrepancy between this Bylaw and any previous land use bylaw, the existing Direct Control Zone must not be interpreted to provide any additional rights than are otherwise contemplated in the Direct Control Zone.

4.4. For the purpose of any Development Permit issued on or before December 31, 2023, the Use identified in the permit is interpreted to have the same Use definition as set out in the applicable previous land use bylaw on the date on which the Development Permit was issued.

....

4.6. For all Direct Control Zones created prior to August 24, 1998, that contain Single Detached Housing, Semi-detached Housing, Duplex Housing or Secondary Suite as a listed Use:

4.6.1. the maximum number of Single Detached Housing Dwellings per Lot is 1;

4.6.2. the maximum number of Semi-detached Housing or Duplex Housing Dwellings per Site is 2; and

4.6.3. the maximum number of Secondary Suites per principal Dwelling is 1,

unless specifically noted otherwise in the Direct Control Zone.

Section 7.40, *Application of General and Specific Development Regulations*, states the following:

1. General Development Regulations

1.1 The General Development Regulations in Part 5 apply to all developments on all Sites. These regulations take precedence except where the regulations of a Zone, Direct Control Zone, Special Area, or Overlay specifically exclude or modify these regulations with respect to any development.

2. Specific Development Regulations

2.1 The Specific Development Regulations in Part 6 apply to specific developments on all Sites. These regulations take precedence except where the regulations of a Zone, Direct Control Zone, Special Area, or Overlay specifically exclude or modify these regulations with respect to any development.

Section 7.80, *Application of Direct Control Zones*, states the following:

5.1 Unless specifically excluded or modified by a regulation of a Direct Control Zone, all regulations in the Zoning Bylaw apply to development in a Direct Control Zone. Site plans and building elevations cannot exclude or modify regulations of the Zoning Bylaw.

Section 7.100, *Authority and Responsibility of the Development Planner, Variance to Regulations*, states the following:

4.3 A variance must not be granted for a Development Permit application within a Direct Control Zone except where the ability to grant a variance is specified:

4.3.1. within the Direct Control Zone;

- 4.3.2. within an applicable regulation of a previous land use bylaw where such regulation has been referred to in the Direct Control Zone; or
- 4.3.3. within an applicable regulation of this Bylaw.

4.4. In the case of a conflict between Subsection 4.3 and the applicable Direct Control Zone, the Development Planner must comply with the provisions of the applicable Direct Control Zone.

General Provisions from the DC1 - Direct Development Control Provision - (Bylaw 17918 (DC1 - Area 14) (Boyle Street/McCauley ARP) ("DC1"):

Under section 7.b.xii, **Personal Service Shops, excluding Body Rub Centres**, is a **Listed Use** in the **DC1**.

Under section 7.b.xiii, **Professional, Financial and Office Support Services**, is a **Listed Use** in the **DC1**.

Section 1 states that the **General Purpose** of the **DC1** is:

The purpose of this Provision is to preserve and enhance the unique visual identity and special character of Church Street.

Section 7.a states that the **Rationale** of the **(Sub Area 2 - Medium Density Residential Area)** is:

To provide opportunities for a range of low and medium density residential Uses and limited Commercial Uses, while ensuring that new development and major renovations are sensitively integrated with the existing low-density, fine grained residential character of the neighborhood while enhancing the unique visual identity of Church Street.

Section 4.d states:

Notwithstanding Section 54.2 of the Zoning Bylaw, the number of Off-Street Vehicular Accessory Parking spaces required shall be in accordance with the Transit Oriented Development (TOD) requirements of Section 54.2, Schedule 1. The Development Officer may vary the number of parking spaces required, providing the variance is supported by a parking impact assessment to the satisfaction of the Development Officer in consultation with Transportation Services.

Section 7.c. states "The minimum Site Area shall be 800 m2."

Section 7.c.xviii.D states:

Notwithstanding other regulations of this Provision, for development which includes Commercial Uses, a Setback of 1.0 m shall be provided from 96 Street NW and the flanking public roadway. The 1.0 m Setback shall be hardscaped and visually incorporated into the sidewalk. The portion of the development containing the Commercial Use shall be built to the 1 meter setback. The Development Officer may allow a further Setback of up to 2.0 m to accommodate street related activities such as sidewalk cafes, public art, street furniture and landscaping which contribute to the pedestrian oriented character of the street.

Section 7.c.xix states:

Notwithstanding other regulations of this provision, for buildings within this Sub Area, the Development Officer may, in consultation with the Heritage Officer, grant variances to Setbacks and Site Area, if such variances are deemed necessary or desired to ensure a building best contributes to preserving and enhancing the special character of Church Street.

General Provisions from the *Edmonton Zoning Bylaw 12800*:

Under section 7.4(41), **Personal Service Shop** means:

development used for the provision of personal services to an individual which are related to the care and appearance of the body, or the cleaning and repair of personal effects. This Use includes barbershops, hairdressers, beauty salons, tailors, dressmakers, shoe repair shops, and dry cleaning establishments and laundromats. This Use does not include Health Services.

Under section 7.4(42), **Professional, Financial and Office Support Services** means:

development primarily used for the provision of professional, management, administrative, consulting, and financial services, but does not include Health Services or Government Services. Typical Uses include: the offices of lawyers, accountants, engineers, and architects; offices for real estate and insurance firms; clerical, secretarial, employment, telephone answering, and similar office support services; and banks, credit unions, loan offices and similar financial Uses.

Development Planner's Determination

- 1) Parking - One (1) vehicle parking space is provided for the site, instead of at least nine (9) (Section 4(d), DC1 Zone (Bylaw 17918)).**
- 2) Site Area - The area of the site is 307.6 sq.m. instead of at least 800 sq.m. (Section 7(c)(iii), DC1 Zone (Bylaw 17918)).**

3) Use of a Setback Area - The waste collection (Molok) is located in the setback facing 107A Avenue (Section 7(c)(xviii)(D), DC1 Zone (Bylaw 17918)).

4) Use of a Setback Area - The parking space and loading space are located in the setback facing the rear alley (Section 7(c)(xviii)(D), DC1 Zone (Bylaw 17918)).

[unedited]

Notice to Applicant/Appellant

Provincial legislation requires that the Subdivision and Development Appeal Board issue its official decision in writing within fifteen days of the conclusion of the hearing.

Major Development Permit

9) The development must promote a safe urban environment through the inclusion of design elements such as natural surveillance, clear sightlines and wayfinding, appropriately lit outdoor spaces in compliance with Subsection 3 of Section 5.120, avoidance of entrapment spots and blind corners, clearly defined Pathways and building access points (Subsection 5.110.1.1).

10) All mechanical equipment, except for Solar Collectors, must be concealed by screening in a manner compatible with the architectural character of the building or by incorporating it within the building (Subsection 5.120.1.2).

11) Outdoor lighting must be arranged, installed, and maintained to minimize glare and excessive lighting, and to deflect, shade, and focus light away from surrounding Sites to minimize Nuisance. It must also generally be directed downwards, except where directed towards the Site or architectural features located on the Site. Outdoor lighting must be designed to provide an appropriately-lit environment at building entrances, outdoor Amenity Areas, parking facilities, and Pathways, and must not interfere with the function of traffic control devices (Subsection 5.120.3).

EPCOR WATER:

1) Prior to the release of drawings for Building Permit review (except for Building Permits for demolition, excavation, or shoring), an Infill Fire Protection Assessment (IFPA) conducted by Edmonton Fire Rescue, Fire Protection Engineer, must be completed.

1a. The proposed development must comply with any requirements identified in the IFPA.

1b. Should the IFPA determine that upgrades to the municipal fire protection infrastructure are required, the owner must enter into a Servicing Agreement with the City for construction of those improvements or alternatively the owner can contact EPCOR to explore the option of having EPCOR complete the work at the owner's expense. The Servicing Agreement with the City or EPCOR must be entered into prior to the release of drawings for Building Permit review.

2) Any party proposing construction involving ground disturbance to a depth exceeding 2m within 5m of the boundary of lands or rights-of-way (ROW) containing EPCOR Water facilities is required to enter into a Facility Proximity Agreement with EWSI, prior to performing the ground disturbance. Additional information and requirements can be found in the City of Edmonton Bylaw 19626 (EPCOR Water Services and Wastewater Treatment). The process can take up to 4 weeks. More information can be requested by contacting waterlandadmin@epcor.com.

FIRE RESCUE SERVICES:

Upon review of the noted development application, Edmonton Fire Rescue Services has no objections to this proposal however, has the following conditions for your implementation and information.

A fire safety plan, accepted in writing by the fire department and the authority having jurisdiction, shall be prepared for the site. Edmonton Fire Rescue Services will review your plan at the initial site visit upon commencement of construction.
 Reference: NFC(2023-AE) 5.6.1.3. Fire Safety Plan

Have the plan ready for review in-person at the first construction site safety inspection by a Fire Safety Codes Officer (Fire SCO). The applicant of a building permit declares that they are aware of the project team's responsibility to have an FSP prepared according to section 5.6 of the NFC(AE).

A Fire SCO may attend a site at any reasonable hour and will review the FSP. The owner or contractor must have the FSP in place and ready for review in accordance with section 5.6 of the NFC(AE).

You can locate a copy of the FSP guide for your reference here:
<https://www.edmonton.ca/sites/default/files/public-files/FireSafetyPlanGuide.pdf?cb=1692102771>

Ensure that the hydrant(s) servicing the site are fully functional prior to construction and remain accessible and unobstructed during

construction.

Reference: NFC(2023-AE) 5.6.3.6. Hydrant Access

- 1) Hydrants on construction, alteration, or demolition site shall
 - a) be clearly marked with a sign,
 - b) be accessible, and
 - c) have an unobstructed clearance of not less than 2 m at all times.

NBC (2023-AE) 9.10.20.3. Fire Department Access to Building

- 1) Access for fire department equipment shall be provided to each building by means of a street, private roadway or yard.
- 2) Where access to a building as required in Sentence (1) is provided by means of a roadway or yard, the design and location of such roadway or yard shall take into account connection with public thoroughfares, weight of firefighting equipment, width of roadway, radius of curves, overhead clearance, location of fire hydrants, location of fire department connections and vehicular parking.

Edmonton Fire Rescue Services Access Guidelines specify that the unobstructed travel path (measured from a fire department vehicle to the entry of the building/unit) must be a minimum 0.9m of clear width (gates must be non-locking) and no greater than 45m. in distance.

https://www.edmonton.ca/sites/default/files/public-files/assets/PDF/B19-04_Small_Building_Access_Policy.pdf?cb=1632115800

The path must be of a hard surface such as a sidewalk that is accessible in all climate conditions. Soft surfaces such as grass or landscaped areas will not be considered.

During Construction

To meet the requirements of the National Fire Code — 2023 Alberta Edition, Sentence 5.6.1.2.(1), protection of adjacent properties during construction must be considered.

https://www.edmonton.ca/programs_services/fire_rescue/fire-safety-planning-for-const

Reference: NFC(2023-AE) 5.6.1.2 Protection of Adjacent Building

- 1) Protection shall be provided for adjacent buildings or facilities that would be exposed to fire originating from buildings, parts of buildings, facilities and associated areas undergoing construction, alteration or demolition operations.

The area between the east property line and the paved alley driving surface must be hard surfaced to the satisfaction of Subdivision and Development Coordination</p> <p>2) Hard surfacing is required between the on-site concrete sidewalks and the City sidewalks within the boulevard. The slope of the hard surfacing within the boulevard must be 2-4% towards the City sidewalk and must not exceed a maximum 4% between the property line and the City sidewalk.</p> <p>The applicant must contact Trevor Singbeil of Development Inspections at 780-496-7019 for inspection 72 hours prior to and following construction of the hard surfacing within road right-of-way.</p> <p>3) Permanent objects including concrete steps, railings, planter boxes, fencing and door swings etc. must NOT encroach into or over/under road right-of-way. Any proposed landscaping for the development must be provided entirely on private property.</p> <p>4) There may be utilities within the road right-of-way not specified that must be considered during construction. The owner/applicant is responsible for the location of all underground and above ground utilities and maintaining required clearances as specified by the utility companies. Utility Safety Partners (Online: https://utilitysafety.ca/wheres-the-line/submit-a-locate-request/) (1-800-242-3447) and Shaw Cable (1-866-344-7429; www.digshaw.ca) should be contacted at least two weeks prior to the work beginning to have utilities located. Any costs associated with relocations and/or removal shall be at the expense of the owner/applicant.</p> <p>5) Any hoarding or construction taking place on road right-of-way requires an OSCAM (On-Street Construction and Maintenance) permit. OSCAM permit applications require Transportation Management Plan (TMP) information. The TMP must include:</p> <ul style="list-style-type: none"> -the start/finish date of project; -accommodation of pedestrians and vehicles during construction; -confirmation of lay down area within legal road right of way if required; -and to confirm if crossing the sidewalk and/or boulevard is required to temporarily access the site. <p>It should be noted that the hoarding must not damage boulevard trees. The owner or Prime Contractor must apply for an OSCAM online at:</p> <p>https://www.edmonton.ca/business_economy/oscam-permit-request.aspx</p> <p>6) Any alley, sidewalk or boulevard damage occurring as a result of construction traffic must be restored to the satisfaction of Development Inspections, as per Subsection 7.150.5.6 of the Zoning Bylaw. All expenses incurred for repair are to be borne by the owner.</p> <p>Subject to the Following Advisements</p> <p>GENERAL:</p> <ol style="list-style-type: none"> 1. Unless otherwise stated, all above references to "section numbers" or "subsection numbers" refer to the authority under the Zoning Bylaw. 2. The City of Edmonton does not conduct independent environmental checks of land within the City. If you are concerned about the suitability of this property for any purpose, you should conduct your own tests and reviews. The City of Edmonton, in issuing this Development Permit, makes no representations and offers no warranties as to the suitability of the property for any purpose or

<h2 style="margin: 0;">Major Development Permit</h2>	
<p>as to the presence or absence of any environmental contaminants on the property.</p> <p>3. An issued Development Permit means that the proposed development has been reviewed against the provisions of the Zoning Bylaw. It does not remove obligations to conform with other legislation, bylaws or land title instruments including, but not limited to, the Municipal Government Act, the Safety Codes Act, the Historical Resource Act or any caveats, restrictive covenants or easements that might be attached to the Site (Subsection 7.110.2.1).</p> <p>4. Any proposed change from the original issued Development Permit is subject to a revision/re-examination fee. The fee will be determined by the reviewing planner based on the scope of the request and in accordance with current fee schedules. A review fee may be collected for each change request.</p> <p>5. A Building Permit may be required for any construction or change in use of a building. Please contact the 311 Call Centre for further information.</p> <p>6. All work within 5 metres of City of Edmonton trees or 10 metres of a City of Edmonton natural stand will require a Public Tree Permit in accordance with Bylaw 18825. For more information on tree protection and Public Tree Permits please see https://www.edmonton.ca/residential_neighbourhoods/gardens_lawns_trees/public-tree-permit. All new installations, above and below ground, within 5m of a City tree require forestry consultation.</p> <p>7. In the event that tree removal or relocation is required on City of Edmonton land, including road right-of-way, all costs associated with the removal or relocation will be borne by the owner/applicant as per the City of Edmonton Corporate Tree Management Policy (C456C). City of Edmonton Forestry will schedule and carry out any and all required tree work. Contact Urban Forestry at City Operations, Parks and Roads Services (311) a minimum of 4 weeks prior to construction, to remove and/or relocate the trees.</p> <p>8. City of Edmonton Drainage Bylaw 18093 requires this site to obtain an approved lot grading plan prior to the construction of any buildings, additions to buildings, or alterations of surface drainage. A site mechanical plan stamped by a professional engineer showing water and sewer services, stormwater management calculations and the proposed lot grading design must be submitted to EPCOR Infill Water and Sewer Servicing for review. Following EPCOR's review, the grading plan is forwarded to Development Services for final review and approval. New plan submissions can be made via EPCOR's Builder and Developer web portal in My Account. Visit epcor.com/newconnection and click 'ONLINE APPLICATION' for instructions on the plan submission process. The lot must be graded in accordance with its approved lot grading plan. Any proposed change from the original approved lot grading plan must be submitted to lot.grading@edmonton.ca for review and approval.</p> <p>9. Signs require separate Development Permit application(s).</p> <p>10. This Development Permit is not a Business Licence. A separate application must be made for a Business Licence.</p> <p>EPCOR WATER:</p> <p>1. The site is currently serviced by a 20 mm copper water service (N1407) located 11.6 m east of the east property line of 96 Street off of 107A Avenue. If this service will not be utilized for the planned development, it must be abandoned back to the water main prior to any on-site excavation. The applicant is to contact EPCOR's Water Meter Inspector at 780-412-4000 a minimum of four weeks prior to commencing any work on the site including demolition, excavation or grading for direction on the correct process to follow to have the service isolated and meter removed.</p> <p>2. EPCOR Water Services Inc. does not review on-site servicing. It is the applicant's responsibility to obtain the services of a professional to complete on-site water distribution design and to ensure the supply will meet plumbing code and supply requirements.</p> <p>3. A new water service may be constructed for this lot directly off EPCOR's 200 mm water main along 107A Avenue adjacent to the subject site.</p> <p>4. For information on water and/or sewer servicing requirements, please contact EPCOR Infill Water and Sewer Servicing (IWASS)</p>

Major Development Permit

at wass.drainage@epcor.com or at 780-496-5444. EPCOR Strongly encourages all applicants to contact IWASS early in development planning to learn about site specific minimum requirements for onsite water and/or sewer servicing.

4a. For information and to apply for a new water service please go to www.epcor.com/ca/en/ab/edmonton/operations/service-connections.html.

5. For information on service abandonments contact EPCOR Infill Water and Sewer Servicing (IWASS) at wass.drainage@epcor.com or at 780-496-5444.

6. For information on metering and inquiries regarding meter settings please contact EPCOR's Water Meter Inspector at EWInspections@epcor.com or 780-412-3850.

7. The applicant must submit bacteriological test results to EPCOR Water Dispatch and must have a water serviceman turn on the valve. Contact EPCOR Water Dispatch at 780-412-4500 for more information on how to provide the test results. EPCOR Water Dispatch can provide information on the tie-in and commissioning procedure.

8. Hydrant spacing adjacent to the site is 111 m. Hydrant spacing does not meet the requirements based on Volume 4 of the City of Edmonton Design and Construction Standards. Edmonton Fire Rescue Services Engineering must be contacted to assess if Fire Protection of this site is adequate via Infill Fire Protection Assessment (IFPA).

9. Development engineering drawings including landscaping and hardscaping must meet Volume 1 (Table of Minimum Offsets) and Volume 4 (April 2021) of the City of Edmonton Design and Construction Standards.

10. Dimensions must be provided as part of the engineering drawing submission package where a tree or shrub bed is installed within 5.0m of a valve, hydrant or curb cock, as per 1.6.1.3 of City of Edmonton Design and Construction Standards Volume 4 (April 2021).

11. The applicant/owner will be responsible for all costs related to any modifications or additions to the existing municipal water infrastructure required by this application.

12. No contractor or private developer may operate any EPCOR valves and only an EPCOR employee or EPCOR authorized agent can remove, operate or maintain EPCOR infrastructure.

13. The advisements and conditions provided in this response are firm and cannot be altered.

Should you require any additional information, please contact Sarah Chileen at schileen@epcor.com.

LOT GRADING ADVISEMENT:

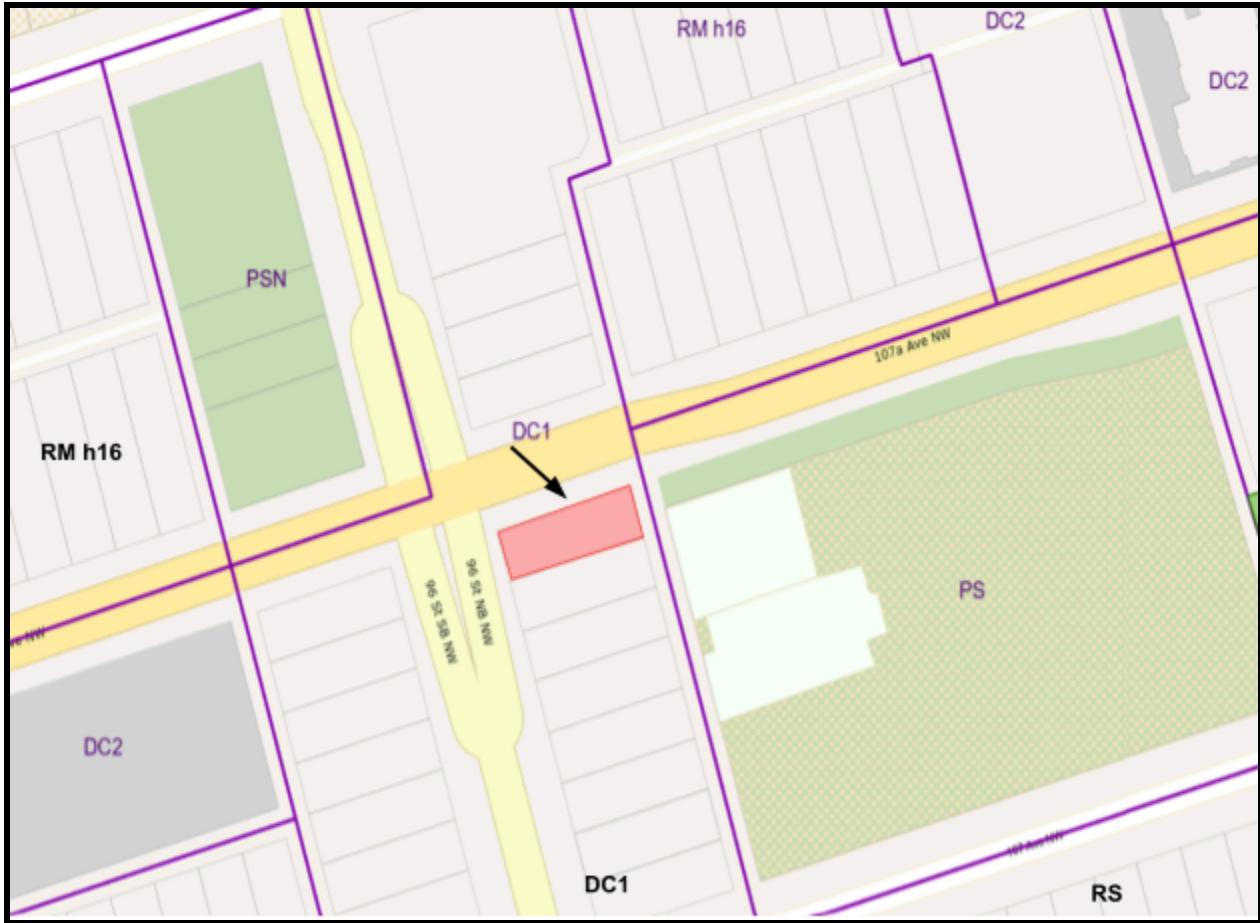

City of Edmonton Drainage Bylaw 18093 requires this site to obtain an approved lot grading plan prior to the construction of any buildings, additions to buildings, or alterations of surface drainage.

A site mechanical plan stamped by a professional engineer showing water and sewer services, stormwater management calculations and the proposed lot grading design must be submitted to EPCOR Infill Water and Sewer Servicing for review. Following EPCOR's review, the grading plan is forwarded to Development Services for final review and approval. New plan submissions can be made via EPCOR's Builder and Developer web portal in My Account. Visit epcor.com/newconnection and click 'ONLINE APPLICATION' for instructions on the plan submission process.

The site must be graded in accordance with its approved lot grading plan. Any proposed change from the original approved lot grading plan must be submitted to lot.grading@edmonton.ca for review and approval.

For more information on Lot Grading requirements, plans and inspections refer to the website:
