**SUBDIVISION AND DEVELOPMENT APPEAL BOARD
RIVER VALLEY ROOM**

I	9:00 A.M.	SDAB-D-26-059	To construct a Residential Use building in the form of a 4 Dwelling Row House with unenclosed front porches and 4 Secondary Suites in the basements.
---	-----------	---------------	--

726 - LEE RIDGE ROAD NW
Project No.: 638855286-002

NOTE: *Unless otherwise stated, all references to "Section numbers" in this Agenda refer to the authority under the Edmonton Zoning Bylaw 12800.*

ITEM I: 9:00 A.M.

FILE: SDAB-D-26-059

AN APPEAL FROM THE DECISION OF THE DEVELOPMENT PLANNER

APPELLANT:

APPLICATION NO.: 638855286-002

APPLICATION TO: Construct a Residential Use building in the form of a 4 Dwelling Row House with unenclosed front porches and 4 Secondary Suites in the basements

DECISION OF THE DEVELOPMENT AUTHORITY: Approved with Conditions

DECISION DATE: February 11, 2026

DATE OF APPEAL: February 23, 2026

RESPONDENT:

MUNICIPAL DESCRIPTION OF SUBJECT PROPERTY: 726 - LEE RIDGE ROAD NW

LEGAL DESCRIPTION: Plan 2543TR Blk 22 Lot 70

ZONE: RS - Small Scale Residential Zone

OVERLAY: N/A

STATUTORY PLAN: N/A

DISTRICT PLAN: Mill Woods and Meadows District Plan

Grounds for Appeal

The Appellant provided the following reasons for appealing the decision of the Development Authority:

The development officer issued a development permit for a minor permitted use but the proposed development requires a discretionary use permit by way of a variance to 1 or more regulations in the zoning bylaw. The development officer's decision and the issued development permit itself are not available to the appellant as of the filing of this appeal.

General Matters

Appeal Information:

The *Municipal Government Act*, RSA 2000, c M-26 states the following:

Grounds for Appeal

685(1) If a development authority

- (a) fails or refuses to issue a development permit to a person,
- (b) issues a development permit subject to conditions, or
- (c) issues an order under section 645,

the person applying for the permit or affected by the order under section 645 may appeal the decision in accordance with subsection (2.1).

...

(2) In addition to an applicant under subsection (1), any person affected by an order, decision or development permit made or issued by a development authority may appeal the decision in accordance with subsection (2.1).

(3) Despite subsections (1) and (2), no appeal lies in respect of the issuance of a development permit for a permitted use unless the provisions of the land use bylaw were relaxed, varied or misinterpreted or the application for the development permit was deemed to be refused under section 683.1(8).

Appeals

686(1) A development appeal is commenced by filing a notice of the appeal, containing reasons, with the board hearing the appeal

- (a) in the case of an appeal made by a person referred to in section 685(1)
 - (i) with respect to an application for a development permit,

(A) within 21 days after the date on which the written decision is given under section 642, or

(B) if no decision is made with respect to the application within the 40-day period, or within any extension of that period under section 684, within 21 days after the date the period or extension expires,

or

(ii) with respect to an order under section 645, within 21 days after the date on which the order is made, or

(b) in the case of an appeal made by a person referred to in section 685(2), within 21 days after the date on which the notice of the issuance of the permit was given in accordance with the land use bylaw.

Hearing and Decision

687(3) In determining an appeal, the board hearing the appeal referred to in subsection (1)

...

(a.1) must comply with any applicable land use policies;

(a.2) subject to section 638, must comply with any applicable statutory plans;

(a.3) subject to clause (a.4) and (d), must comply with any land use bylaw in effect;

(a.4) must comply with the applicable requirements of the regulations under the *Gaming, Liquor and Cannabis Act* respecting the location of premises described in a cannabis licence and distances between those premises and other premises;

...

(c) may confirm, revoke or vary the order, decision or development permit or any condition attached to any of them or make or substitute an order, decision or permit of its own;

(d) may make an order or decision or issue or confirm the issue of a development permit even though the proposed development does not comply with the land use bylaw if, in its opinion,

- (i) the proposed development would not
 - (A) unduly interfere with the amenities of the neighbourhood, or
 - (B) materially interfere with or affect the use, enjoyment or value of neighbouring parcels of land,
- and
- (ii) the proposed development conforms with the use prescribed for that land or building in the land use bylaw.

General Provisions from the Zoning Bylaw 20001:

Under section 2.10.2.2, a **Residential Use** is a **Permitted Use** in the **RS - Small Scale Residential Zone**.

Under section 8.10, a **Residential Use** means:

a development where a building or part of a building is designed for people to live in. The building contains 1 or more Dwellings or 1 or more Sleeping Units.

This includes: Backyard Housing, Duplex Housing, Lodging Houses, Multi-unit Housing, Row Housing, Secondary Suites, Semi-detached Housing, Single Detached Housing, and Supportive Housing.

Under section 8.20, **Row Housing** means:

a building that contains 3 or more principal Dwellings joined in whole or in part at the side, the rear, or the side and the rear, with none of the principal Dwellings being placed over another. Each principal Dwelling has separate, individual, and direct access to ground level.

Under section 8.20, **Secondary Suite** means:

a Dwelling that is subordinate to, and located within, a building in the form of Single Detached Housing, Semi-detached Housing, Row Housing, or Backyard Housing. A Secondary Suite is not a principal Dwelling. A Secondary Suite has a separate entrance from the principal Dwelling, either from a common indoor landing or directly from outside the building. A Secondary Suite has less Floor Area than the principal Dwelling. A Secondary Suite is not separated from the principal Dwelling by a condominium conversion or subdivision.

Under section 8.20, **Dwelling** means:

a self-contained unit consisting of 1 or more rooms used as a bedroom, bathroom, living room, and kitchen. The Dwelling is not intended to be moveable, does not have a visible towing apparatus or visible undercarriage, must be on a foundation, and connected to utilities.

Section 2.10.1 states that the **Purpose** of the **RS - Small Scale Residential Zone** is:

To allow for a range of small scale Residential development up to 3 Storeys in Height, including detached, attached, and multi-unit Residential housing. Limited opportunities for community and commercial development are permitted to provide services to local residents.

Notice to Applicant/Appellant

Provincial legislation requires that the Subdivision and Development Appeal Board issue its official decision in writing within fifteen days of the conclusion of the hearing.

Scope of Permit	
To construct a Residential Use building in the form of a 4 Dwelling Row House with unenclosed front porches and 4 Secondary Suites in the basements.	
Details	
1. Titled Lot Zoning: R5 3. Overlay: 5. Statutory Plan: 7. Neighbourhood Classification: Redeveloping	2. Number of Principal Dwelling Units To Construct: 4 4. Number of Secondary Suite Dwelling Units To Construct: 4 6. Backyard Housing or Secondary Suite Included?: Yes 8. Development Category / Class of Permit: Permitted Development
Development Permit Decision	
Approved Issue Date: Feb 11, 2026 Development Authority: HETHERINGTON, FIONA	
Subject to the Following Conditions	
Zoning Conditions: This Development Permit authorizes the construction of a Residential Use building in the form of a 4 Dwelling Row House with unenclosed front porches and 4 Secondary Suites in the basements. The development must be constructed in accordance with the approved drawings.	
1. WITHIN 14 DAYS OF APPROVAL, prior to any demolition or construction activity, the applicant must post on-site a Development Permit Notification Sign (Subsection 7.160.2.2).	
P0702003	

Development Permit

2. Landscaping must be installed and maintained in accordance with Section 5.60.
3. A minimum Soft Landscaped area equal to 30% of the total Lot area must be provided (Subsection 5.60.3.2).
4. Pathway(s) connecting the main entrance of the Dwelling directly to an Abutting sidewalk or to a Driveway must be a minimum unobstructed width of 0.9 m (Subsection 5.80.2.1.1).
5. Unenclosed steps require a minimum setback of 0.6 m from Lot lines (Subsection 2.10.4.6.). If the unenclosed steps are oriented toward the Interior Side Lot Line, a minimum distance of 1.1 m must be maintained between the Interior Side Lot Line and the unenclosed steps (Subsection 2.10.4.8.1.). If the unenclosed steps are oriented away from the Interior Side Line and have a landing less than or equal to 1.5 m², a minimum distance of 0.15 m must be maintained from the Interior Side Lot line and the unenclosed steps (Subsection 2.10.4.8.2.)
6. The Street-facing Facade of each Row Housing Dwelling must have clear glass windows covering a minimum of 15% of the Facade area above the basement (Subsection 2.10.5.6.2).
7. Screening must be provided for the waste collection area, to the satisfaction of the Development Planner (Subsection 5.120.4.1.5)
8. Outdoor lighting must: be arranged, installed, and maintained to minimize glare and excessive lighting, and to deflect, shade, and focus light away from surrounding Sites to minimize Nuisance; generally be directed downwards, except where directed towards the Site or architectural features located on the Site; be designed to provide an appropriately-lit environment at building entrances, outdoor Amenity Areas, parking facilities, and Pathways; and not interfere with the function of traffic control devices (Subsection 5.120.3).
9. Provided parking spaces must include wheel stops to prevent vehicle overhang where adjacent to Streets, Pathways, sidewalks, required Landscaped areas, and other similar features, that must be a minimum 0.1 m in Height and located 0.6 m from the front of the parking space (Subsection 5.80.5.1.2).
Parking Spaces must be Hard Surfaced where vehicle access is provided from a Street or an Alley (Subsection 5.80.5.7).
10. The development must not be used as a Lodging House. A Lodging House means a building, or part of a building, containing 4 or more Sleeping Units that are rented out individually.
11. This Development Permit will be revoked if the conditions of this permit are not met.

Landscaping Conditions:

Landscaping must be installed in accordance with the approved Landscape Plan, and Section 5.60 of Zoning Bylaw 20001, to the satisfaction of the Development Planner.

Any change to the approved Landscape Plan requires the approval of the Development Planner prior to the Landscaping being installed.

Landscaping must be installed within 12 months of receiving the Final Occupancy Permit. Landscaping must be maintained in a healthy condition for a minimum of 24 months after the landscaping has been installed, to the satisfaction of the Development Planner.

Transportation Conditions:

1. The existing 7.6 m wide driveway access to Lee Ridge Road located approximately 3 m from the north property line, must be

Development Permit

removed and the boulevard restored to grass to the west property line within the road right-of-way to the City of Edmonton Complete Streets Design and Construction Standards.

2. Access is proposed to the alley and does not require a crossing permit. The area between the property line and the alley driving surface must be hard surfaced to the satisfaction of Subdivision and Development Coordination. This area within the alley road right-of-way must not exceed a slope of 8%.

3. A Public Tree Permit will be required for any boulevard trees within 5 meters of the site; trees must be protected during construction as per the Public Tree Bylaw 18825. If tree damage occurs, all tree related costs will be covered by the proponent as per the Corporate Tree Management Policy (C456C). This includes compensation for tree value on full or partial tree loss as well as all operational and administrative fees. The owner/applicant must contact City Operations, Parks and Roads Services at citytrees@edmonton.ca to arrange any clearance pruning or root cutting prior to construction.

4. Permanent objects including concrete steps, ramps, railings, fencing, gate swings, etc. must NOT encroach into or over/under road right-of-way. Any proposed landscaping for the development must be provided entirely on private property.

5. There may be utilities within the road right-of-way not specified that must be considered during construction. The owner/applicant is responsible for the location of all underground and above ground utilities and maintaining required clearances as specified by the utility companies. Utility Safety Partners (Online: <https://utilityafety.ca/wheres-the-line/submit-a-locate-request/>) should be contacted at least two weeks prior to the work beginning to have utilities located. Any costs associated with relocations and/or removal shall be at the expense of the owner/applicant.

6. Any hoarding or construction taking place on road right-of-way requires an OSCAM (On-Street Construction and Maintenance) permit. OSCAM permit applications require Transportation Management Plan (TMP) information. The TMP must include:

- the start/finish date of project;
- accommodation of pedestrians and vehicles during construction;
- confirmation of lay down area within legal road right of way if required;
- and to confirm if crossing the sidewalk and/or boulevard is required to temporarily access the site.

It should be noted that the hoarding must not damage boulevard trees. The owner or Prime Contractor must apply for an OSCAM online at:

https://www.edmonton.ca/business_economy/oscam-permit-request.aspx

7. Any alley, sidewalk or boulevard damage occurring as a result of construction traffic must be restored to the satisfaction of Development Inspections, as per Subsection 7.150.5.6 of the Zoning Bylaw. All expenses incurred for repair are to be borne by the owner.

Drainage Services Conditions:

Any sewer main extensions required to service the site and any onsite servicing requirements are in addition to the above-noted PAC and SSTC assessments and will be at the developer's cost.

Please note that the SSTC rates are subject to adjustment at the end of the year. The final SSTC is based on the prevailing rate when the applicant/owner makes a payment.

Additional Notes

- The above assessment is based on information currently available to our department. If such information changes, a new assessment may be made.
- In addition to the above items, the applicant/owner may need to pay for the installation cost of sewer services to the property line. For details, please contact EPCOR Drainage.
- More information about the above charges can be found on the City of Edmonton's website:

Sanitary Servicing Strategy Expansion Assessment

	Project Number: 63885286-002 Application Date: NOV 27, 2025 Printed: February 11, 2026 at 10:56 AM Page: 4 of 8
<h2>Development Permit</h2>	
<p> https://www.edmonton.ca/city_government/utilities/expansion-assessment-charge-ea.aspx Arterial Roadway Assessment https://www.edmonton.ca/projects_plans/roads/design_planning/arterial-roadway-assessments.aspx Sanitary Sewer Trunk Charge https://www.edmonton.ca/city_government/utilities/sanitary-sewer-trunk-charge-sstc.aspx </p>	
<p>EPCOR Conditions:</p>	
<p>1. Prior to the release of drawings for Building Permit review (except for Building Permits for demolition, excavation, or shoring), an Infill Fire Protection Assessment (IFPA) conducted by Edmonton Fire Rescue, Fire Protection Engineer, must be completed.</p>	
<p>1a. The proposed development must comply with any requirements identified in the IFPA.</p>	
<p>1b. Should the IFPA determine that upgrades to the municipal fire protection infrastructure are required, the owner must enter into a Servicing Agreement with the City for construction of those improvements or alternatively the owner can contact EPCOR to explore the option of having EPCOR complete the work at the owner's expense. The Servicing Agreement with the City or EPCOR must be entered into prior to the release of drawings for Building Permit review.</p>	
<p>2. Any party proposing construction involving ground disturbance to a depth exceeding 2m within 5m of the boundary of lands or rights-of-way (ROW) containing EPCOR Water facilities is required to enter into a Facility Proximity Agreement with EWWSI, prior to performing the ground disturbance. Additional information and requirements can be found in the City of Edmonton Bylaw 19626 (EPCOR Water Services and Wastewater Treatment). The process can take up to 4 weeks. More information can be requested by contacting waterlandadmin@epcor.com.</p>	
<p>Subject to the Following Advisements</p>	
<p>Zoning Advisements:</p>	
<p>Unless otherwise stated, all above references to "section numbers" or "subsection numbers" refer to the authority under the Zoning Bylaw.</p>	
<p>An issued Development Permit means that the proposed development has been reviewed against the provisions of this bylaw. It does not remove obligations to conform with other legislation, bylaws or land title instruments including, but not limited to, the Municipal Government Act, the Safety Codes Act, the Historical Resource Act, or any caveats, restrictive covenants or easements that might be attached to the Site (Subsection 7.110.2.1).</p>	
<p>Any proposed change from the original issued Development Permit may be subject to a revision/re-examination fee. The fee will be determined by the reviewing planner based on the scope of the request and in accordance with current fee schedules. A review fee may be collected for each change request.</p>	
<p>All work within 5 metres of City of Edmonton trees or 10 metres of a City of Edmonton natural stand will require a Public Tree Permit in accordance with Bylaw 18825. For more information on tree protection and Public Tree Permits please see https://www.edmonton.ca/residential_neighbourhoods/gardens_lawns_trees/public-tree-permit. All new installations, above and below ground, within 5m of a City tree require forestry consultation.</p>	
<p>In the event that tree removal or relocation is required on City of Edmonton land, including road right-of-way, all costs associated with the removal or relocation will be borne by the owner/applicant as per the City of Edmonton Corporate Tree Management Policy (C456C). City of Edmonton Forestry will schedule and carry out any and all required tree work. Contact Urban Forestry at City Operations, Parks and Roads Services (311) a minimum of 4 weeks prior to construction, to remove and/or relocate the trees.</p>	
<p>City of Edmonton Drainage Bylaw 18093 requires this site to obtain an approved lot grading plan prior to the construction of any buildings, additions to buildings, or alterations of surface drainage.</p>	
<p>A site mechanical plan stamped by a professional engineer showing water and sewer services, stormwater management calculations</p>	
<p>P0702003</p>	

Project Number: **638855286-002**
 Application Date: NOV 27, 2025
 Printed: February 11, 2026 at 10:56 AM
 Page: 5 of 8

Development Permit

and the proposed lot grading design must be submitted to EPCOR Infill Water and Sewer Servicing for review. Following EPCOR's review, the grading plan is forwarded to Development Services for final review and approval. New plan submissions can be made via EPCOR's Builder and Developer web portal in My Account. Visit epcor.com/newconnection and click 'ONLINE APPLICATION' for instructions on the plan submission process.

The site must be graded in accordance with its approved lot grading plan. Any proposed change from the original approved lot grading plan must be submitted to lot.grading@edmonton.ca for review and approval.

For more information on Lot Grading requirements, plans and inspections refer to the website:
https://www.edmonton.ca/residential_neighbourhoods/residential-lot-grading

Please be advised that if the grading plan review results in changes to your approved drawings to incorporate a Low Impact Development (LID) grading design, it is the owner/applicant's responsibility to inform the Urban Planning and Economy department. This notification is necessary to determine whether a new development permit is required.

Signs require separate Development Permit application(s).

Transportation Advisements:

1. If Waste Services have concerns with the site submission as it relates to carts/bins, then any revisions to the design of the parking/waste area must be recirculated to Subdivision and Development Coordination. This may result in further changes to the site plan or additional conditions.

EPCOR Advisements:

1. The site is currently serviced by a 20 mm copper water service (S36425) located 0.3 m south of the north property line of Lot 70 off of Lee Ridge Road. If this service will not be used for the planned development, it must be abandoned back to the water main prior to any on-site excavation. The applicant is to contact EPCOR's Water Meter Inspector at 780-412-4000 a minimum of four weeks prior to commencing any work on the site including demolition, excavation or grading for direction on the correct process to follow to have the service isolated and meter removed.

1a. The existing service is not of sufficient size for the proposed development. The owner/applicant must review the total on-site water demands and service line capacity with a qualified engineer to determine the size of service required and ensure adequate water supply to the proposed development.

2. EPCOR Water Services Inc. does not review on-site servicing. It is the applicant's responsibility to obtain the services of a professional to complete on-site water distribution design and to ensure the supply will meet plumbing code and supply requirements.

3. A new water service may be constructed for this lot directly off EPCOR's 200 mm water main along Lee Ridge Road adjacent to the subject site.

4. For information on water and/or sewer servicing requirements, please contact EPCOR Infill Water and Sewer Servicing (IWASS) at wass.drainage@epcor.com or at 780-496-5444. EPCOR Strongly encourages all applicants to contact IWASS early in development planning to learn about site specific minimum requirements for on site water and/or sewer servicing.

4a. For information and to apply for a new water service please go to www.epcor.com/ca/en/ab/edmonton/operations/service-connections.html.

5. For information on service abandonments contact EPCOR Infill Water and Sewer Servicing (IWASS) at wass.drainage@epcor.com or at 780-496-5444.

Development Permit

6. For information on metering and inquiries regarding meter settings please contact EPCOR's Water Meter Inspector at EWSinspections@epcor.com or 780-412-3850.

7. The applicant must submit bacteriological test results to EPCOR Water Dispatch and must have a water serviceman turn on the valve. Contact EPCOR Water Dispatch at 780-412-4500 for more information on how to provide the test results. EPCOR Water Dispatch can provide information on the tie-in and commissioning procedure.

8. In reference to City of Edmonton Bylaw 19626 (EPCOR Water Services Bylaw), a private service line must not cross from one separately titled property to another separately titled property even if these properties are owned by the same owner. Refer to the City of Edmonton Design and Construction Standards, Volume 4, Water Service Requirements drawings WA-005-11a and WA005-11b for permitted water service configurations.

9. Due to the built-form in this development, verification that the Required Fire Flow of this development does not exceed the Available Fire Flow at this site is required to support this application. Edmonton Fire Rescue Services, Fire Protection Engineer must assess if Fire Protection of this site is adequate via an Infill Fire Protection Assessment (IFPA).

10. In 2022 the Infill Fire Protection Program was initiated to fund water infrastructure upgrades required to meet municipal fire protection standards within core, mature and established neighbourhoods. The program will consider "missing middle" housing forms, mixed use and smaller scale commercial-only developments. EPCOR Water encourages interested applicants to go to the program website for more information and updates (www.epcor.com/ca/en/ab/edmonton/operations/service-connections/guides-checklists-forms/fire-protection-cost-share.html).

10a. Please note that being accepted for consideration in the program does not guarantee funding will be granted, as each application will be weighed against a set of criteria.

10b. An Infill Fire Protection Assessment (IFPA) is required to be considered for funding.

11. Development engineering drawings including landscaping and hardscaping must meet Volume 1 (Table of Minimum Offsets) and Volume 4 (April 2021) of the City of Edmonton Design and Construction Standards.

12. Dimensions must be provided as part of the engineering drawing submission package where a tree or shrub bed is installed within 5.0m of a valve, hydrant or curb cock, as per 1.6.1.3 of City of Edmonton Design and Construction Standards Volume 4 (April 2021).

13. The applicant/owner will be responsible for all costs related to any modifications or additions to the existing municipal water infrastructure required by this application.

14. No contractor or private developer may operate any EPCOR valves and only an EPCOR employee or EPCOR authorized agent can remove, operate or maintain EPCOR infrastructure.

15. The advisements and conditions provided in this response are firm and cannot be altered.

Fire Rescue Services Advisements:

Travel distance from the emergency access route to each principal entrance must not exceed 45m.

Emergency access path widths must be a minimum of 0.9m and the path must be of a hard surface and accessible in all climate conditions. Soft surfaces such as grass or landscaped areas will not be considered.

The fire safety plan required for construction and demolition sites in accordance with Article 2.8.1.1. of Division B shall be provided to the fire department as the authority having jurisdiction. Edmonton Fire Rescue Services may review your plan prior to a site visit and/or at the initial construction site safety inspection upon commencement of construction.

Development Permit

Reference: NFC(2023-AE) 5.6.1.3. Fire Safety Plan

Have the plan ready for review in-person at the first construction site safety inspection by a Fire Safety Codes Officer (Fire SCO). The applicant of a building permit declares that they are aware of the project team's responsibility to have an FSP prepared according to section 5.6 of the NFC(AE).

A Fire SCO may attend a site at any reasonable hour and will review the FSP. The owner or constructor must have the FSP in place and ready for review in accordance with section 5.6 of the NFC(AE).

You can locate a copy of the FSP guide for your reference here:
<https://www.edmonton.ca/sites/default/files/public-files/FireSafetyPlanGuide.pdf?cb=1692102771>

To meet the requirements of the National Fire Code - 2023 Alberta Edition, Sentence 5.6.1.2.(1), protection of adjacent properties during construction must be considered.

Reference: NFC(2023-AE) 5.6.1.2 Protection of Adjacent Building
1) Protection shall be provided for adjacent buildings or facilities that would be exposed to fire originating from buildings, parts of buildings, facilities and associated areas undergoing construction, alteration or demolition operations.

Waste Services Advisements:

Adding any number of additional dwellings beyond what is indicated in this letter may result in changes to your waste collection. Waste Services reserves the right to adjust the collection method, location, or frequency to ensure safe and efficient service.

Additional information about waste service at your proposed development:
Waste Services Bylaw 20363 notes that as a residential property, your development must receive waste collection from the City of Edmonton.

To help in planning and designing your development, please refer to Bylaw 20363 to review clauses related to:
Access to containers and removal of obstructions.
Container set out, and
The responsibility for wear and tear or damages.

The property with 8 dwellings would receive Communal Collection. It requires 1 cubic yards of garbage service, 1.48 cubic yards of recycling service and 0.22 cubic yards of food scraps per week. Below shows the frequency, quantity and size of containers which will be provided.

- Collection Location 1:
- Garbage:
2 x 240 litre containers collected 2 times per week.
- Recycle:
1 x 3 cubic yard container collected 1 time per week.
- Food Scrap:
1 x 240 litre container collected 1 time per week.

A minimum of 7.5 m unobstructed overhead space is required above the collection area to allow proper servicing of the containers.

Project Number: **638855286-002**

Development Permit

If the locations of the transformer and switching cubicles do not exactly match the approved drawings, Waste Services must be advised and reserves the right to make changes to the approved plan to ensure waste can still be collected safely and efficiently.

If the waste enclosure or room is incomplete or does not match the approved drawings upon resident move-in, Waste Services reserves the right to select an alternate location for the waste containers to ensure safe and efficient waste collection. The alternate location may be in a parking stall, loading area, green space, etc.

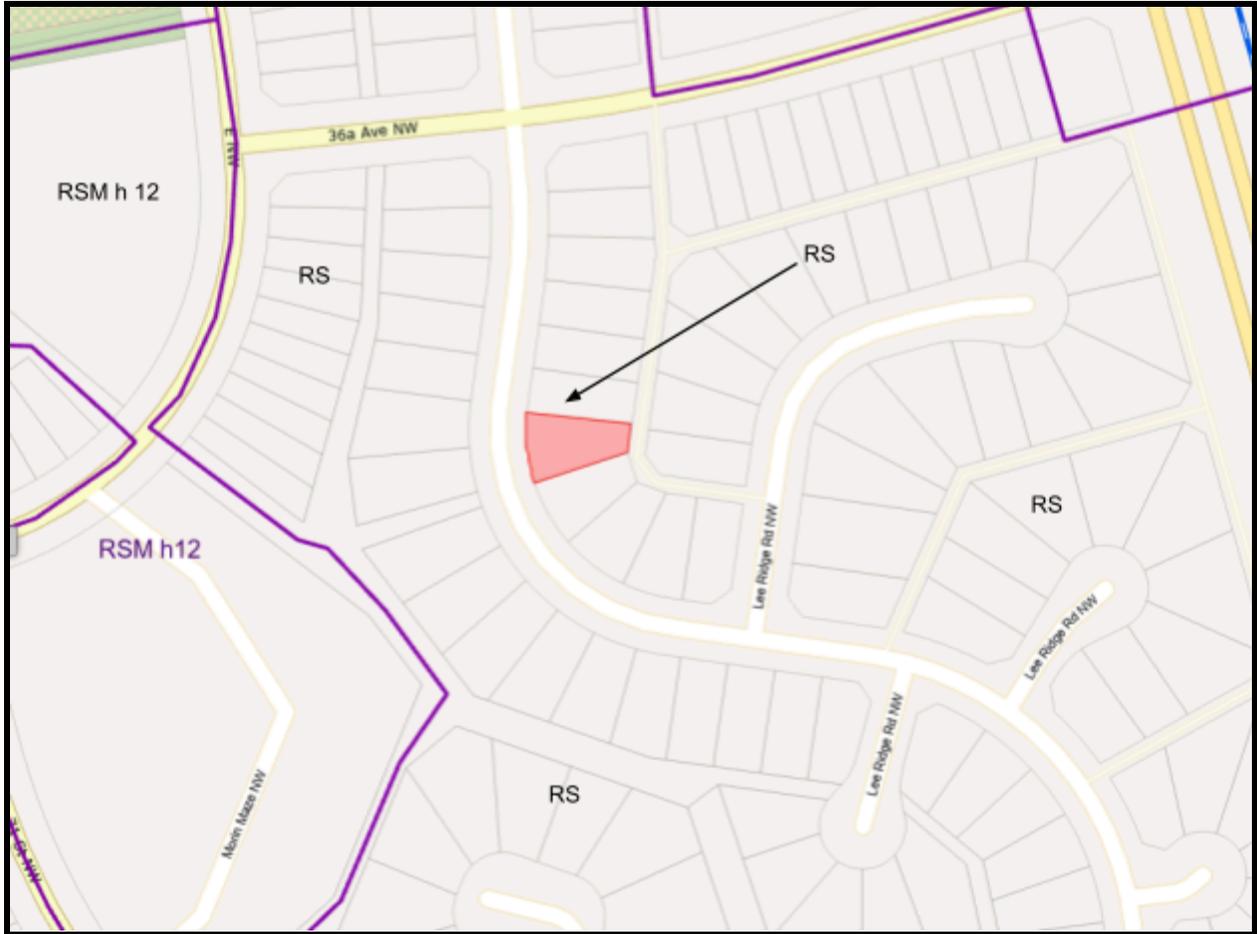

For developments with rear lanes, waste will only be collected from the rear lane for all dwellings in the development. It is the responsibility of the owner to ensure all residents have access to the rear lane for waste set out.

Rights of Appeal

This approval is subject to the right of appeal to the Subdivision and Development Appeal Board (SDAB) as outlined in Chapter M-26, Section 683 through 689 of the Municipal Government Act.

Fees
