AN APPEAL FROM THE DECISION OF THE DEVELOPMENT PLANNER

APPELLANT:

APPLICATION NO.: 645586546-002

APPLICATION TO: Construct a Residential Use building in the form of a Multi-unit Housing. Total of 8 Dwellings

DECISION OF THE DEVELOPMENT AUTHORITY: Approved with Conditions

DECISION DATE: April 24, 2026

DATE OF APPEAL: May 14, 2026

RESPONDENT:

MUNICIPAL DESCRIPTION OF SUBJECT PROPERTY: 10615 - 130 STREET NW

LEGAL DESCRIPTION: Plan 3875P Blk 52 Lot 11

ZONE: RS - Small Scale Residential Zone

OVERLAY: N/A

STATUTORY PLAN: N/A

DISTRICT PLAN: Central District Plan

Grounds for Appeal

The Appellant provided the following reasons for appealing the decision of the Development Authority:

Reasons for the appeal of Development Permit 645586546-002 (the Permit) include the following:

1.The Development Officer misinterpreted, relaxed or varied the City of Edmonton Zoning Bylaw 20001 (the Zoning Bylaw) by (among other things):

a.failing to consider clear evidence that the proposed development is a lodging house. Had the Development Officer considered that the use is that of a lodging house, they would have found that the number of sleeping units exceeds the amount authorized under section 2.10.3.2.2 of the Zoning Bylaw.

b.not requiring a clear identification of the site circulation pursuant to section 5.80.2.1.2 of the Zoning Bylaw.

c.unreasonably exercising its discretion not to obtain a lot grading plan or additional drainage, parking, traffic, or waste collection information prior to issuing the Permit; and

d.such further and other grounds as may be revealed by a review of the Development Authoritys file and such further and other grounds as may be raised at the hearing of the appeal.

2.The proposed development unduly interferes with the amenities of the neighborhood and materially interferes with or affects the use, enjoyment or value of neighbouring parcels of land by (among other things):

a.Increasing traffic and reducing visibility on 130 street, 106 avenue, and in the back alley, which creates a significant safety risk;

b.Severely reducing parking capacity as a result of 8 additional dwellings with 24 sleeping units built mid-block;

c.Increasing vehicle congestion and reducing access for the residents on the street, especially for those who rely on accessible transportation;

d.Drastically increasing the number of waste bins, green bins, and recycling in the back alley, which will (among other things), increase congestion and impede access in the alley way for both residents and for utility management and waste disposal vehicles;

e.Severely detrimentally impacting the privacy and sunlight of the neighbouring dwellings;

f.Creating a massing effect which reduce the desirability and value of neighbouring properties; and

g.Severely negatively impacting the character of a mature, historical neighbourhood.

WASTE MANAGEMENT SERVICES ADVISEMENTS:

Waste Services has reviewed the proposed plan "Key Site Plan" dated 010626 and has no concerns to identify during this review.

This review follows Waste Services' current standards and practices and will expire when the Development Permit expires.

Adding any number of additional dwellings beyond what is indicated in this letter may result in changes to your waste collection. Waste Services reserves the right to adjust the collection method, location, or frequency to ensure safe and efficient service.

Additional information about waste service at your proposed development:

Waste Services Bylaw 20363 notes that as a residential property, your development must receive waste collection from the City of Edmonton.

To help in planning and designing your development, please refer to Bylaw 20363 to review clauses related to:

Access to containers and removal of obstructions.

Container set out, and

The responsibility for wear and tear or damages.

The green cart equivalency program and an exemption to reduce the spacing required to 0.5 m between carts while maintaining 1.0 m spacing between carts and any other objects such as vehicles, fences, power poles, etc. has been approved for this proposed development with 8 dwellings, allowing it to receive Curbside Collection. Each unit will be charged the waste utility rate. The City will provide a total of 12 carts: 8 x 240 L for garbage and 4 x 240 L for food scraps.

Please note:

Residents would be required to share their food scraps carts.

Residents will be required to set out garbage and food scraps carts on collection day as per the set-out instructions.

Residents would use blue bags for recycling.

A minimum of 7.5 m unobstructed overhead space is required above the collection area to allow proper servicing of the containers.

If the locations of the transformer and switching cubicles do not exactly match the approved drawings, Waste Services must be advised and reserves the right to make changes to the approved plan to ensure waste can still be collected safely and efficiently.

If the waste enclosure or room is incomplete or does not match the approved drawings upon resident move-in, Waste Services reserves the right to select an alternate location for the waste containers to ensure safe and efficient waste collection. The alternate location may be in a parking stall, loading area, green space, etc.

For developments with rear lanes, waste will only be collected from the rear lane for all dwellings in the development. It is the responsibility of the owner to ensure all residents have access to the rear lane for waste set out.

If you require any further clarifications, please contact us.

Subdivision and Development Appeal Board

File your appeal online at:

<https://sdab.edmonton.ca>

The Subdivision and Development Appeal Board (SDAB) hears appeals from people who have been affected by a decision of the Development Authority under the Zoning Bylaw and the Subdivision Authority under the Subdivision Authority Bylaw. The board is appointed by City Council and consists of citizens living in the city of Edmonton.

The SDAB normally meets every Wednesday and Thursday. If required, the Board may set additional dates for hearings.

Once you have met requirements and filed a proper appeal, this Board presides over your hearing.

The SDAB is an independent, quasi-judicial body established by City Council, and its decisions are final and cannot be overturned unless the board makes an error in some aspect of law or jurisdiction.

Agendas listing appeals and hearing times scheduled for that day are posted in the hearing waiting area. Hearings do not start before the time listed on the schedule.
