AN APPEAL FROM THE DECISION OF THE DEVELOPMENT PLANNER

APPELLANT:

APPLICATION NO.: 655800354-002

APPLICATION TO: Construct an Accessory building (Frame and Fabric Structure, 9.1m x 21.3m) existing without permits

DECISION OF THE
DEVELOPMENT AUTHORITY: Refused

DECISION DATE: July 22, 2026

DATE OF APPEAL: July 28, 2026

MUNICIPAL DESCRIPTION
OF SUBJECT PROPERTY: 4810 - 127 STREET SW

LEGAL DESCRIPTION: Plan 8720925 Lot 1

ZONE: AES - Agricultural Edmonton South Zone

OVERLAY: N/A

STATUTORY PLAN: N/A

DISTRICT PLAN: Rabbit Hill District Plan

Grounds for Appeal

The Appellant provided the following reasons for appealing the decision of the Development Authority:

Our property is located within an Agricultural zoning district, where the storage and use of equipment necessary for maintaining rural land is a normal and expected part of the property's use. We reside on a three-acre acreage that requires ongoing maintenance throughout the year, including lawn care, gardening, snow removal, driveway maintenance, and general

property upkeep. As a result, we require adequate storage for tractors, implements, lawn and garden equipment, trailers, tools, and other machinery used to maintain the property.

In addition to our residence, I own and operate 32 acres of agricultural land located just down the road from our home. This land is used to grow fruits, vegetables, and other crops. The storage tents are an important part of supporting this agricultural operation, providing sheltered space to store harvested produce as well as equipment and supplies used in planting, cultivating, and harvesting. The covered storage helps protect produce from exposure to rain, hail, excessive heat, and other weather conditions that could reduce its quality or result in spoilage before it is transported or processed.

The storage tents also provide practical and cost-effective protection for valuable equipment against the elements. Our area experiences severe weather, including strong winds, hail, heavy rainfall that can lead to localized flooding, and significant snowfall. Storing equipment under cover helps prevent weather-related damage, extends the service life of valuable equipment, reduces maintenance costs, and protects our investment.

In addition to storing tools, equipment, tractors, and harvested agricultural products, the storage tents are also used to store recreational vehicles when they are not in use, protecting them from weather damage and keeping the property organized.

The tents are consistent with the rural and agricultural character of the surrounding area, where accessory structures and covered storage are common. They are used solely to support the maintenance of our property and our agricultural activities and are not associated with any industrial use or activities that would adversely affect the surrounding area.

The storage tent located along the north property line has not created any issues for the adjacent landowner. Our neighbour has expressed no objection to its location or presence, demonstrating that it has had no adverse impact on neighbouring properties.

For these reasons, we respectfully request that the appeal be approved. The storage tents serve a practical and necessary purpose in supporting both the maintenance of our acreage and our agricultural operation. They are compatible with the intended use of agricultural land, have not negatively affected neighbouring properties, and allow us to safely protect valuable equipment, harvested crops, and other property from the elements.

Grounds for Appeal

The Appellant provided the following reasons for appealing the decision of the Development Authority:

For the reason for refusal concerning Building Separation, the re-measured distance between the accessory building and quonset is actually 0.85m, not 0.3m as it was written in the development application by mistake. This is deficient only by 4cm, which is very small distance. Please refer to the uploaded documents for proof of these measurements.

Our property is located within an Agricultural zoning district, where the storage and use of equipment necessary for maintaining rural land is a normal and expected part of the property's use. We reside on a three-acre acreage that requires ongoing maintenance throughout the year, including lawn care, gardening, snow removal, driveway maintenance, and general property upkeep. AN APPEAL FROM THE DECISION OF THE DEVELOPMENT PLANNER

APPELLANT:

APPLICATION NO.: 665886377-002

APPLICATION TO: Change the use of an Indoor Sales and Service to a Cannabis Retail Store, and construct interior alterations

DECISION OF THE
DEVELOPMENT AUTHORITY: Refused

DECISION DATE: July 30, 2026

DATE OF APPEAL: July 31, 2026

MUNICIPAL DESCRIPTION
OF SUBJECT PROPERTY: 15277 - CASTLE DOWNS ROAD NW

LEGAL DESCRIPTION: NW-29-53-24-4

ZONE: MU - Mixed Use Zone

OVERLAY: N/A

STATUTORY PLAN: Griesbach Neighbourhood Area Structure Plan

DISTRICT PLAN: Northwest District Plan

Grounds for Appeal

The Appellant provided the following reasons for appealing the decision of the Development Authority:

The Applicant respectfully appeals the refusal of Development Permit Application No. 665886377-002 and requests that the Subdivision and Development Appeal Board grant the required variances and approve the proposed Cannabis Retail Store.

The proposed development is a Permitted Use within the applicable zoning district. The refusal relates solely to separation distance requirements from the Edmonton Public Library, the Castle Downs Recreation Centre, and adjacent PS-zoned lands.

The Applicant acknowledges that the Development Authority correctly applied the Edmonton Zoning Bylaw using the prescribed site-to-site measurement methodology. However, the Applicant respectfully submits that, having regard to section 687(3)(d) of the Municipal Government Act, the requested variances may properly be granted because the proposed development would not unduly interfere with the amenities of the neighbourhood nor materially interfere with the use, enjoyment or value of neighbouring properties.

<i>General Matters</i>

Appeal Information:

...

(2) In addition to an applicant under subsection (1), any person affected by an order, decision or development permit made or issued by a development authority may appeal the decision in accordance with subsection (2.1).

(3) Despite subsections (1) and (2), no appeal lies in respect of the issuance of a development permit for a permitted use unless the provisions of the land use bylaw were relaxed, varied or misinterpreted or the application for the development permit was deemed to be refused under section 683.1(8).

Appeals

686(1) A development appeal is commenced by filing a notice of the appeal, containing reasons, with the board hearing the appeal

- (a) in the case of an appeal made by a person referred to in section 685(1)
